[12/24/2003 1:36:28 PM] [talltrader] I agree DaveG. The treasure we have here is the people of Hawaii that we enjoy so much. Bill and Mike have only their 20m and 40 m \$ houses.

[12/24/2003 2:26:35 PM] [Rookie] Merry Christmas to all from Canada. Sorry to hear about your beef crisis. We had it up here awhile back but most of us kept on eating beef with no problems.

[12/24/2003 2:29:23 PM] [RJMGroup] Our beef "crisis" is one cow. :) Merry Christmas.

[12/24/2003 2:29:37 PM] [Rookie] So was ours!

[12/24/2003 2:29:51 PM] [RJMGroup] I went to McDonald's today. ;)

[12/24/2003 2:30:16 PM] [Rookie] Shut down the entire beef industry across the country.

[12/24/2003 2:30:27 PM] [RJMGroup] Are two cows an orange alert beef crisis? HAHA!

[12/24/2003 2:31:01 PM] [Rookie] I had a Mad Cow once but I divorced her! LOL!

[12/24/2003 2:31:49 PM] [Rookie] I sure hope all the gals have left for holidays or I'm in deep cow dung!

[12/24/2003 2:31:54 PM] [RJMGroup] LOL People are so paranoid. That's why I don't pay any attention. I'd be miserable if I worried every time a mosquito flew in the air during summer, a cow went moo, or the Terror Alert flashed like a disco ball.

[12/24/2003 2:32:27 PM] [RJMGroup] The government is always wrong so eventually it'll look like they're crying wolf.

[12/24/2003 2:32:40 PM] [Rookie] Sometimes it's better to leave the tv off so one doesn't see all the crap on the news.

[12/24/2003 2:33:01 PM] [RJMGroup] I agree. The morons watch the news so I guess I don't expect much from their idiotic reactions. :)

[12/24/2003 2:33:18 PM] [CashMan] Mad cow -It's a fabrication. It's about the Atkins diet. The beef industry is making a killing of it. High protein diiet.

[12/24/2003 2:33:19 PM] [RJMGroup] They're also the "enquiring minds that want to know". HAHA!

[12/24/2003 2:33:24 PM] [Rookie] :D

[12/24/2003 2:33:32 PM] [RJMGroup] Makes no sense since chickens eat cow for feed.

[12/24/2003 2:34:05 PM] [Rookie] I gave up on Colonel Sanders a long time ago!

[12/24/2003 2:34:10 PM] [RJMGroup] People will believe anything without learning the facts.

[12/24/2003 2:34:12 PM] [CashMan] RJM we can call it Mad Chicken disease LOL

[12/24/2003 2:34:26 PM] [Rookie] Mad Cluck disease

[12/24/2003 2:34:28 PM] [RJMGroup] I think we should call it Stupid People Syndrome. :)

[12/24/2003 2:35:13 PM] [RJMGroup] Everyone just takes the media's word for it without blending in some common sense.

[12/24/2003 2:35:22 PM] [charlesd] The wise man always remembered that the wolf did finally appear.

[12/24/2003 2:35:30 PM] [CashMan] Well got to go and finish wrapping presents.

[12/24/2003 2:36:12 PM] [RJMGroup] Ciao.

[12/24/2003 2:36:31 PM] [RJMGroup] Yeah, eventually the media will get it right once in a lifetime.

[12/24/2003 2:36:40 PM] [Rookie] You can afford presents!

[12/24/2003 2:36:56 PM] [silverd0lr] i just want to know whether "west nile desease" i s related to "mad cow".....and once you get "mad cow" how long does it take to "chicken pox".....am I "OK" eating turkey tonight?

[12/24/2003 2:37:26 PM] [RJMGroup] No, turkey is on orange alert or is that terrorism. I can't remember. :)

[12/24/2003 2:37:30 PM] [Rookie] Didn't Bush spare the turkey?

[12/24/2003 2:37:36 PM] [silverd0lr] will the "flu vaccine " help?

[12/24/2003 2:37:54 PM] [RJMGroup] Yes, but we're all out of flu vaccine for Wild Turkey Disease.

[12/24/2003 2:38:29 PM] [silverd0lr] bush spared the turkey at thanksgiving.....he's fat now and will be tender

[12/24/2003 2:38:37 PM] [CashMan] Didn't say could afford presents but what the heck needed to help out the economy in my little way :D

[12/24/2003 2:39:26 PM] [RJMGroup] I prefer to drink Wild Turkey than to eat it.

[12/24/2003 2:40:17 PM] [Rookie] Is that like Baby Duck?

[12/24/2003 2:40:39 PM] [silverdolt] "WILD TURKEY DISEASE"....knew I should have invested in that "BIO"

[12/24/2003 2:40:42 PM] [RJMGroup] I heard the government hasn't banned Tofu Turkey so there's still a chance to have a Christmas Dinner. :)

[12/24/2003 2:41:06 PM] [Rookie] I think I'll go with Buffalo wings!

[12/24/2003 2:41:32 PM] [RJMGroup] More people will die today in car accidents than from all the people who died in England from Mad Cow Disease yet no one has a problem getting into a car. So dumb.

[12/24/2003 2:41:56 PM] [RJMGroup] You're cloning "sweethearts"?

[12/24/2003 3:00:33 PM] [silverdolt] take care and merry christmas

[12/24/2003 3:00:53 PM] [Rookie] w2jc. Best wishes

[12/24/2003 3:02:07 PM] [johnport] Best Wishes to all of you

[12/24/2003 3:04:35 PM] [Rookie] Merry Xmas to all. Be careful on the highways and enjoy the gifts of life rather than just those under the tree.

[12/24/2003 3:08:24 PM] [Rookie] Spent last evening preparing and dishing out a hot meal to the homeless. Puts life in a new perspective when you see what others are going thru.

[12/24/2003 3:58:18 PM] [powdershot] .

[12/24/2003 8:03:14 PM] [MasterC] Merry christmas and Happy new year all!

[12/24/2003 10:45:06 PM] [decdog] Merry Christmas everyone, we are blessed

[12/24/2003 11:08:46 PM] [Investortrader] Anyone up for some charts tonight? Or we just kicking back for now ...

[12/24/2003 11:09:15 PM] [BossFan] Whatca ya got investor?

[12/24/2003 11:09:43 PM] [Investortrader] Anything you want BossFan ... could go over the 5's on CAMP, I got hurt in that one too

[12/24/2003 11:10:12 PM] [Investortrader] Then got booted from TCNet a few times near the end of the day

[12/24/2003 11:10:27 PM] [BossFan] I think we'll be OK on CAMP. I bought twice today but not too bad

[12/24/2003 11:10:45 PM] [BossFan] Camp and RIMM will be hot next week

[12/24/2003 11:11:12 PM] [BossFan] I really like the chart on CALM. Bought today at 34

[12/24/2003 11:11:18 PM] [ChuckR] WFII

[12/24/2003 11:11:25 PM] [Investortrader] Hope so, I got out of it ... pretty ruthless about cutting losses if it starts to go against me ... and I was trying it for a daytrade ... out at 14.24

[12/24/2003 11:11:47 PM] [Investortrader] CALM (then WFII) ...

[12/24/2003 11:11:48 PM] [BossFan] WooHoo on WFII...that one turned from a swing to a LT investment. Finally in the black

[12/24/2003 11:12:16 PM] [ChuckR] :D..no s**t

[12/24/2003 11:13:03 PM] [Investortrader] I remember CALM being mentioned on

CNBC today a few times ... something about eggs

[12/24/2003 11:13:23 PM] [BossFan] protien from eggs instead of beef.

[12/24/2003 11:13:47 PM] [Investortrader] Ahh, that's it ... I'll still be eating beef, but eat eggs a lot too

[12/24/2003 11:13:56 PM] [BossFan] mad cow play, I wish I'd bought more when it dropped

[12/24/2003 11:14:03 PM] [Investortrader] Nice OBV in it, keeps making new highs with the price

[12/24/2003 11:14:25 PM] [Investortrader] I'm not sure how long the mad cow plays will last

[12/24/2003 11:14:43 PM] [Investortrader] It's really had a run last 6 weeks or so

[12/24/2003 11:14:58 PM] [Investortrader] Supported by better volume all the way

[12/24/2003 11:15:35 PM] [BossFan] I wish I'd seen calm at the beginning of Nov. See that nice base with no volume. Then boom, a big move with increasing volume. Those are the stocks I'm constantly looking for

[12/24/2003 11:16:08 PM] [Investortrader] That's a great pattern to look for

[12/24/2003 11:16:35 PM] [Investortrader] My concern on this would be fundamental .. is a farm producer really going to have that much more profits? Not like a tech company can

[12/24/2003 11:17:05 PM] [BossFan] Yup, you could just see the big boys generating interest in that one. Oh well, there's always more fish in the market (sea)

[12/24/2003 11:17:51 PM] [Investortrader] It's been basing sideways for a couple weeks here, BTBO today on good volume

[12/24/2003 11:18:26 PM] [BossFan] It's more of a momentum play. I'll sell early next week or maybe hold of the gain (hopefully) until next year

[12/24/2003 11:18:35 PM] [Investortrader] But I just can't get myself to buy it since it's tripled in 6-7 weeks and it's only an egg company .. how many more eggs can those chickens lay?

[12/24/2003 11:18:56 PM] [Investortrader] I don't see anything wrong in the chart however

[12/24/2003 11:19:16 PM] [Investortrader] When did you buy it BossFan?

[12/24/2003 11:19:39 PM] [BossFan] today in the AM

[12/24/2003 11:20:04 PM] [BossFan] Ok, how about WFII now

[12/24/2003 11:20:57 PM] [Investortrader] Looking at the 5's on CALM, it did start to have some pt end of day on some volume ... don't let a winner turn into a loser on this one

[12/24/2003 11:21:00 PM] [Investortrader] WFII ...

[12/24/2003 11:21:23 PM] [BossFan] Real happy with the WFII UG today.

[12/24/2003 11:22:02 PM] [BossFan] It bounced off support at 14.60 nicely
[12/24/2003 11:22:28 PM] [Investortrader] I just read that, from buy to strong buy with 19 target
[12/24/2003 11:22:48 PM] [Investortrader] Their purchase must have been looked at positively
[12/24/2003 11:23:01 PM] [BossFan] OBV is low but picking up now, should be a clear ride up to 18 at least over the next few weeks
[12/24/2003 11:23:02 PM] [Investortrader] I had this one way back whe we all bought it ... got out the next day lol
[12/24/2003 11:23:56 PM] [Investortrader] Looks like a nice dbl bottom formation
[12/24/2003 11:24:11 PM] [Investortrader] With the OBV holding on that second btm
[12/24/2003 11:24:12 PM] [BossFan] I bought this one 3 times. approx 17, 14 and finally at the 2nd dbl bottom support at 12.40 for 900 shares
[12/24/2003 11:24:44 PM] [Investortrader] I think I got in 16.51, but would have to check my trading log
[12/24/2003 11:25:08 PM] [Investortrader] I do remember I sold the very next day as it went down
[12/24/2003 11:25:32 PM] [BossFan] I should've sold and almost took Tina's advice to sell when it came back to the MA20. Glad I stuck with the dbl bottom. Sometimes ya get lucky
[12/24/2003 11:25:32 PM] [Investortrader] And forgot about it ... dam! nice buy on that second btm BossFan
[12/24/2003 11:25:49 PM] [Investortrader] Would that be Bruce Springsteen?
[12/24/2003 11:26:03 PM] [BossFan] Oh yea, Bruce is the MAN!
[12/24/2003 11:26:16 PM] [BossFan] check my profile:)
[12/24/2003 11:26:21 PM] [Investortrader] I just now figured that out lol my first concert I went to was him :)
[12/24/2003 11:26:43 PM] [BossFan] no sh*t? And you weren't hooked?
[12/24/2003 11:26:57 PM] [Investortrader] As long as it holds above that peak between the two bottoms it's looking good
[12/24/2003 11:26:58 PM] [BossFan] I've seen him 15 times since 1988
[12/24/2003 11:27:24 PM] [Investortrader] He puts on a great concert! The lead band didn't show up as someone got sick, he came out, apologized, and played for about 3 1/2 hours
[12/24/2003 11:27:40 PM] [BossFan] Yup... great stuff.
[12/24/2003 11:27:57 PM] [Investortrader] I love how the second bottom was formed on very low volume
[12/24/2003 11:27:57 PM] [BossFan] Ok, one more stock for me. SCKT

[12/24/2003 11:28:27 PM] [BossFan] I wonder hom many lurkers are here right now. C'mon out you guys

[12/24/2003 11:28:39 PM] [BossFan] Ooops, "how"

[12/24/2003 11:28:54 PM] [Rookie] ;)

[12/24/2003 11:29:10 PM] [BossFan] hehehe

[12/24/2003 11:29:50 PM] [Marioboizu] I'm lurking!

[12/24/2003 11:30:06 PM] [Investortrader] I may try for about a 30-40 cent pb or so to try to get in this one ...

[12/24/2003 11:31:01 PM] [BossFan] I was late getting into SCKT today, but the increasing volume over the past few days got me in at 3.40

[12/24/2003 11:31:26 PM] [Investortrader] I didn't get into SCKT, but lets take a look at it

[12/24/2003 11:31:46 PM] [BossFan] I took hottos advice and had a buy stop at 3.23, but it didn't hit it. Oh well! :P:)

[12/24/2003 11:31:47 PM] [Rookie] Quick ques. if you don't mind; What else besides MOBO BO do you guys look for? I've seen a number of stocks break above MOBO bands only to take an immediate dump!

[12/24/2003 11:31:50 PM] [Investortrader] Another nice basing formation before today on low volume

[12/24/2003 11:32:15 PM] [Investortrader] I haven't learned MOBO yet Rookie, that's on my plate for tomorrow and this weekend to read up on it

[12/24/2003 11:32:24 PM] [Investortrader] MOBO and SOAP

[12/24/2003 11:32:33 PM] [Rookie] ok

[12/24/2003 11:32:55 PM] [Investortrader] Should be interesting, FW seems like he's pretty good from what little I've seen

[12/24/2003 11:33:22 PM] [BossFan] I don't use MOBO and SOAP. I need to lear FW's stuff, but been doing real well with the PlanA1 plays, don't really need to do more

[12/24/2003 11:33:40 PM] [Rookie] PlanA1?

[12/24/2003 11:33:47 PM] [Investortrader] I haven't learned that yet either Boss lol

[12/24/2003 11:34:17 PM] [Investortrader] On SCKT, notice on 12/10 the large volume day

[12/24/2003 11:34:26 PM] [Investortrader] Where itmade a nice long tail

[12/24/2003 11:34:29 PM] [Rookie] Boss, can you give a quick explanation?

[12/24/2003 11:34:43 PM] [BossFan] Look in hottos profile for the PCF. Its basically a stock that hit a new 52WH and is now pulling back. The theory being that when a

52WH is made, after some profit taking a new 52WH will come up

[12/24/2003 11:34:44 PM] [Investortrader] After increasing volume pullback the days before ... that's a washout

[12/24/2003 11:35:06 PM] [Investortrader] And followed by the low volume basing, it was just itching to go up

[12/24/2003 11:35:45 PM] [BossFan] the 12/10 day was a candlestick hammer and got confirmation the next day

[12/24/2003 11:36:33 PM] [Investortrader] I don't know very many candle names at all ... found out when I first heard about candles that I've always used them lol Always plotted open, high, low, and close from day one trading futures and doing charts by hand!

[12/24/2003 11:37:08 PM] [Rookie] With all due respect, I've gone thru a lot of Hotto's past chats and many of his strategies are written in bits and pieces in many dif chats and very hard to follow and understand.

[12/24/2003 11:37:20 PM] [BossFan] I was a member at candlestickforum.com for a while, but the \$97 a month got a bit much after a while

[12/24/2003 11:37:32 PM] [Investortrader] Rookie, I can't wait for his e-books on his website to consolidate them all :)

[12/24/2003 11:37:54 PM] [BossFan] I still need to get him my \$250. Waiting for Paypal.

[12/24/2003 11:37:56 PM] [Investortrader] Notice also on the SCKT chart, where this recent basing was around the \$3 area

[12/24/2003 11:38:09 PM] [Rookie] Me too. Still waiting to hear if he will accept cc for payment

[12/24/2003 11:38:26 PM] [Investortrader] Now look at late Oct ... based at the same area!

[12/24/2003 11:39:05 PM] [BossFan] Yup, also eliminated the head and shoulders possibility with the big up move today.

[12/24/2003 11:39:07 PM] [Investortrader] And look att he peak end of Aug early Sept ... 3 area was resistance there

[12/24/2003 11:39:52 PM] [BossFan] Hottos right on this one. Should get back to the 4.50 range

[12/24/2003 11:40:16 PM] [Investortrader] I would expect a test of the upper Bollinger Band also on this one

[12/24/2003 11:40:29 PM] [Investortrader] Whic is right in that 4.50 area now

[12/24/2003 11:40:40 PM] [Investortrader] Let's look at the 5's on it

[12/24/2003 11:41:26 PM] [BossFan] 5's is daily, right?

[12/24/2003 11:41:35 PM] [BossFan] I mean weekly

[12/24/2003 11:42:08 PM] [BossFan] nice buys at the EOD
[12/24/2003 11:42:36 PM] [Investortrader] See where it based in the 10 o'clock hour in the 3.40's
[12/24/2003 11:42:58 PM] [Investortrader] That's where I would look to get in or to add on a pb
[12/24/2003 11:43:04 PM] [BossFan] yup
[12/24/2003 11:43:43 PM] [BossFan] Yea, that's where I got in...on that first PB from 3.46
[12/24/2003 11:43:54 PM] [Investortrader] Last nights two stocks we covered, PDLI came right down to that 17.50 area I mentioned and FOSL went a nickel under the 27.65 ... so whoever asked on those should have gotten in
[12/24/2003 11:44:07 PM] [BossFan] kfosl
[12/24/2003 11:44:47 PM] [BossFan] missed both of them. Though about PDLI at 18 but didn't pull the trigger
[12/24/2003 11:45:10 PM] [Investortrader] PDLI had all sorts of chart points in the 17.50 area ... low today was 17.51
[12/24/2003 11:45:20 PM] [BossFan] nice ascending triangle on the daily with FOSL
[12/24/2003 11:45:40 PM] [BossFan] Could go wither way
[12/24/2003 11:46:12 PM] [Investortrader] Ascending triangles usually break to the upside, it shows buyers are starting to take over from the sellers
[12/24/2003 11:46:14 PM] [BossFan] One thing I like to use is BOP. U use that at all?
[12/24/2003 11:46:26 PM] [Investortrader] Nope, never lookk at BOP, not even a glance
[12/24/2003 11:47:08 PM] [BossFan] really? I use it as a confirmation sometimes. I've seen stocks that follow BOP to the T
[12/24/2003 11:48:16 PM] [Investortrader] This is my main KISS template, I base most all my trading on it, though I will also look at MACD Histogram and RSI .. but those won't kill a trade, just indicate to me how strong the move may be
[12/24/2003 11:48:38 PM] [BossFan] so, u make home brew, huh? Me too!
[12/24/2003 11:48:45 PM] [Investortrader] I'm a bit price/volume pattern trader
[12/24/2003 11:48:50 PM] [Investortrader] bit should be BIG
[12/24/2003 11:48:56 PM] [Investortrader] Oh yeah, it's great!
[12/24/2003 11:49:27 PM] [BossFan] just finished my rasberry porter. Gotta make

some more. Maybe an IPA

[12/24/2003 11:49:30 PM] [Investortrader] The one thing aobut this week, especially day before and after x-mas ... low volume is the norm

[12/24/2003 11:49:41 PM] [Investortrader] I like oatmeal stouts, and pilsners

[12/24/2003 11:49:56 PM] [BossFan] Yea, Jan should be interesting. Vol should pickup bigtime

[12/24/2003 11:50:21 PM] [Rookie] What's the significance of the 50Ma in the mid chart?

[12/24/2003 11:50:30 PM] [Investortrader] I like the last week of trading .. but this week can screw with teh price/volume stuff I rely on

[12/24/2003 11:50:38 PM] [Investortrader] For instance, on FOSL

[12/24/2003 11:50:57 PM] [Investortrader] I would normally say todays action was very good, very low volume pb and small price range

[12/24/2003 11:51:03 PM] [BossFan] Gotta get going now. My 4 yr old and 19 month old will be all excited for Xmas tomorrow morining

[12/24/2003 11:51:14 PM] [Investortrader] Ok, happy holidays BossFan :)

[12/24/2003 11:51:35 PM] [BossFan] thanks...Goodnight and Merry Xmas!

[12/24/2003 11:52:04 PM] [BossFan] I'm gonna buy FOSL if it breaks out...BYE!

[12/24/2003 11:52:29 PM] [Investortrader] Night :)

[12/24/2003 11:52:50 PM] [Rookie] IT. Do use the 50MA in middle chart in relation to OBV?

[12/24/2003 11:53:31 PM] [Investortrader] Yes Rookie, I like to see if it will hold the 50-sma, many times it will signalling a possible btm

[12/24/2003 11:54:01 PM] [Rookie] OK. So then how do you decide when to bail?

[12/24/2003 11:54:10 PM] [Investortrader] But most times it's just for decoration it seems as it doesn't get down to it

[12/24/2003 11:54:27 PM] [Investortrader] I bail based on chart points, if support fails I bails

[12/24/2003 11:54:36 PM] [Investortrader] No questions asked

[12/24/2003 11:54:57 PM] [Investortrader] So I try to always buy near support so losses stay small, I'm pretty ruthless about cutting losses

[12/24/2003 11:55:10 PM] [Rookie] OK. Thought maybe you looked at OBV crossing UBB

[12/24/2003 11:55:38 PM] [Investortrader] I use OBV and BB's on it a whole lot

[12/24/2003 11:56:07 PM] [Investortrader] But just crossing the upper band isn't by itself a signal to sell ... price and/or OBV could ride the upper band for awhile

[12/24/2003 11:56:26 PM] [Rookie] Looks to me if OBV goes outside UBB and then crosses back inside it is time to dump?

[12/24/2003 11:57:11 PM] [Investortrader] And Hotto has some good stuff on OBV also somewhere in the logs

[12/24/2003 11:57:22 PM] [Investortrader] From last year I think, november saturday chats possibly

[12/24/2003 11:57:23 PM] [Rookie] OK. Thx

[12/24/2003 11:57:52 PM] [Investortrader] That note goes into some detail on the runup in ITIG and how I looked at the price/obv in context with the BB's

[12/24/2003 11:58:00 PM] [Rookie] Am just looking for an edge

[12/24/2003 11:58:32 PM] [Investortrader] An edge is what we need! :)

[12/24/2003 11:58:52 PM] [Rookie] Agreed. Also confidence at this end!
