[12/29/2003 8:39:09 AM] [KarenR] Hotto when you hit FOP do you usually sell full position or just a portion?
[12/29/2003 8:39:32 AM] [hotto] just part .. usually...
[12/29/2003 8:39:54 AM] [KarenR] ty - working hard on my money mgmt
[12/29/2003 8:39:56 AM] [hotto] depends on how extended .. or how many days up... to get there..
[12/29/2003 8:41:12 AM] [hotto] In the case of RHAT.. has been up... last 2 days on low vol.. so I will definitely sell.. at least some.. if not all.. as the FOP is approached..
[12/29/2003 8:42:59 AM] [KarenR] You don't attribute the low volume to the half days?
[12/29/2003 8:43:53 AM] [hotto] partly.. yes.. but.. we are talking about my Money..:)
[12/29/2003 8:44:13 AM] [gary12] ;)
[12/29/2003 8:44:44 AM] [KarenR] I tend to over-rationalize - working on it
[12/29/2003 8:45:04 AM] [hotto] I see increased risk... as a new target is approached.. So.. I cut back..
[12/29/2003 8:46:11 AM] [SeattleSteve] Hotto, any thoughts on NGEN. It's up to 7.85 in premarket

market risk and your own risk

[12/29/2003 12:46:37 PM] [BossFan] On a stock like NGEN, I agree trash. Better to not have to think about it on a fast moving issue

[12/29/2003 12:47:15 PM] [malealltrash] all u need is bad news on Ngen and u in trouble as everyone tries to get out of the 1 door

[12/29/2003 12:47:21 PM] [rsi77] CYD, I'm still smiling...volume very nice

[12/29/2003 12:47:25 PM] [leon] our psycology changes from second to secon an not allways in sync with the market

[12/29/2003 12:48:36 PM] [rsi77] I agree....I don't mind walking away from the computer with that one....NGEN on the other hand....

[12/29/2003 12:49:04 PM] [leon] Martha Stuarts argument was that she had a mental stop

[12/29/2003 12:50:53 PM] [Investortrader] I only use mental stops, they work well for me

[12/29/2003 12:51:09 PM] [leon] if you need a stop place a GTC stop

[12/29/2003 12:51:09 PM] [VJnet] very tough to produce as evidence

[12/29/2003 4:13:59 PM] [FortuneFinder] MaleAll... I figured that since you said that you got into TRIB at 5.13. I got in at 5.65 and was biting my nails most of the day as it

continued to droop before it picked up late afternoon. I'll hope for an early morning dip before I get back into it.

[12/29/2003 4:14:30 PM] [root] the dow30 infects itself--there's following of dow stocks to the group.

[12/29/2003 4:23:06 PM] [FortuneFinder] Male... I occasionally catch a low-ball trade that I just throw out there if I'm going to be away for an hour or so. However, it never shows up in the trading range --- weird

[12/29/2003 4:24:00 PM] [Tradeboy] I have MYtrack-when it was mentioned in pm news I highlighted it -it showed various trades 5.14-5.26 before falling towards the open-TRIB

[12/29/2003 4:24:59 PM] [malealltrash] Island

[12/29/2003 4:26:29 PM] [malealltrash] TRIB now 5.17 that is new high for day

[12/29/2003 4:26:45 PM] [FortuneFinder] OK... I see Island, ARCA, etc. through CyberTrader. My ITIG low-ball trade of 5.05 last week took several hours before it showed up on TCnet, but it was showing up on money.cnn.com --- disturbing

[12/29/2003 4:27:30 PM] [decdog] VICL heave vol last 1/2 hr

[12/29/2003 5:28:51 PM] [Quintus] mango - health ins. -- dont know of any groups -- i have individual coverage (i'm a sole prop, no entity) -- thru Anthem my bill is \$70 a month (i'm 27)

[12/29/2003 5:29:42 PM] [hotto] Quintus.. maybe you could adopt me.. and I could get coverage as your dependent.;)

[12/29/2003 5:29:54 PM] [hotto] I don't eat much.

[12/29/2003 5:30:51 PM] [hotto] NGEN.. the silly sellers are done.. now edging back

[12/29/2003 5:32:07 PM] [tuckams] RHAT has gone down .11 in PM trading

[12/29/2003 5:32:46 PM] [hotto] get the sellers out AH.. then.. back to buyers in the Morning..

[12/29/2003 5:33:54 PM] [Quintus] lol hotto -- it's so cheap thru Anthem that i get a little skeptical of their claims practices .. :D if i have any dependents it was an accident..

[12/29/2003 5:34:11 PM] [hotto] :D

[12/29/2003 5:34:33 PM] [mango] thanks Quintas I will check them out-you know you get a discount if you have two dependants- Hotto AND me

[12/29/2003 5:34:51 PM] [hotto] hey Brother !

[12/29/2003 5:35:14 PM] [Quintus] oh my

[12/29/2003 5:36:10 PM] [hotto] hey Quint.. THat's what you get.. when you come up with Health coverage for \$70 / month... (drool)

[12/29/2003 5:36:27 PM] [mango] nope anthem doesnt offer in FL it seems

[12/29/2003 5:36:39 PM] [hotto] You don't want to know what they want for me.:P

[12/29/2003 5:36:57 PM] [Quintus] looks like i will have to increase my trading income ... TRMM may be the currency of choice :)

[12/29/2003 5:36:57 PM] [mango] quintas-where are you, in what state?

[12/29/2003 5:37:49 PM] [Quintus] Anthem obviously didn't do a risk assessment on my college experience.. i'm in Ky these days

[12/29/2003 5:38:09 PM] [mango] ok thanks

[12/29/2003 5:38:33 PM] [Quintus] Humana was only a few \$\$ different

[12/29/2003 5:38:40 PM] [starrbucks] hey anyone get an IBD paper with the 100 stocks usaually the Monday edition???

[12/29/2003 5:39:17 PM] [mango] yes I am lookingat Humana - good company?

[12/29/2003 5:39:42 PM] [Quintus] yes very legit, based in Louisville.

[12/29/2003 5:40:04 PM] [mango] ok will look at it carefully-seems reasonable

[12/29/2003 5:40:38 PM] [Saroj] Humana is the DuPont of Healthcare - very affluent - well-managed - spins off unprofitable endeavors - like they did with all their hospitals a number of years back.

[12/29/2003 5:41:21 PM] [Saroj] I made site visits there a number of years ago as part of my job responsibilities.

[12/29/2003 5:41:30 PM] [mango] thx Saroj

[12/29/2003 5:41:48 PM] [Saroj] are we talking stocks or healthcare coverage?

[12/29/2003 5:43:04 PM] [Quintus] CACS -- i'm not in yet so please, no run-ups in the premkt tomorrow :)

[12/29/2003 5:43:08 PM] [hotto] CACS.. one I Listed yesterday

[12/29/2003 5:44:15 PM] [Quintus] i shoulda known -- not surprised your mind is running 24 hrs ahead of mine

[12/29/2003 5:45:50 PM] [hotto] nah.. just looking through the MG842 group

[12/29/2003 5:46:11 PM] [hotto] CACS.. has such a pretty PG pattern

[12/29/2003 5:46:28 PM] [Quintus] PG ?

[12/29/2003 5:46:41 PM] [hotto] typo..... PB

[12/29/2003 5:47:34 PM] [Quintus] it has been a rather well-behaved stock -- "smooth" looking chart compared to many

[12/29/2003 5:47:45 PM] [hotto] EOY follies.. XMSR 26.25..

[12/29/2003 5:48:12 PM] [hotto] I agree on CACS.. well behaved..

[12/29/2003 5:49:08 PM] [Optomistic] CACS has had a nice run in 2003.

[12/29/2003 5:49:28 PM] [w2jc] just noticed that CACS is just under 1000 day MA

[12/29/2003 5:50:32 PM] [hotto] no kidding.. from 1 to 15+... in 8 months.. not bad..)

[12/29/2003 5:54:09 PM] [Quintus] any thoughts on HOMS these days? i have a vision of this stock Not revisiting the \$3 handle after the power move 12/11 & 12/12 -- i like their odds to become the leading online (discount) realtor when the 6% monopoly breaks down -- and i'm seeing more "by owner" signs around my city every day. the "revolt" is on, imo (as selling prices get higher, that 6% cut gets a lot bigger!). i am long.

[12/29/2003 5:54:49 PM] [czep] jcacs

[12/29/2003 5:55:07 PM] [czep] oops, sorry

[12/29/2003 6:19:46 PM] [starrbucks] where is the information about what is needed in this disclosure document....

[12/29/2003 8:54:06 PM] [RAMConsult] Osc, 'backup' copies everything personal, 'restore' allows for selecting items in the event you want to recover a particular item from an older backup without changing more recent settings.

[12/29/2003 8:54:46 PM] [Osc] Ok thanks
