[12/8/2003 2:03:31 AM] [StockStalker] it has to do with supply and demand...

[12/8/2003 2:03:43 AM] [StockStalker] not really interested in the why the demand

[12/8/2003 2:11:09 AM] [StockStalker] price will seek volume  
[12/8/2003 2:11:13 AM] [anaiz] if the market is down this week, it may need 2 or 3 more days  
[12/8/2003 2:11:47 AM] [StockStalker] what does it have to do with the mkt  
[12/8/2003 2:11:47 AM] [anaiz] yes, you are right, it has to unfold one way or another soon  
[12/8/2003 2:11:57 AM] [nimble] NETC Low volume?  
[12/8/2003 2:11:58 AM] [StockStalker] does it look like a NAZ chart to you  
[12/8/2003 2:12:06 AM] [StockStalker] not at all  
[12/8/2003 2:12:07 AM] [anaiz] well, the market lifts all boats  
[12/8/2003 2:12:13 AM] [StockStalker] does its own thing  
[12/8/2003 2:12:29 AM] [anaiz] yes, most of this low priced don't follow the market  
[12/8/2003 2:12:38 AM] [StockStalker] so which is it  
[12/8/2003 2:12:47 AM] [StockStalker] the latter is true  
[12/8/2003 2:12:58 AM] [StockStalker] they trade very technically  
[12/8/2003 2:13:01 AM] [anaiz] yes  
[12/8/2003 2:13:07 AM] [StockStalker] and lots of dumb money in them  
[12/8/2003 2:13:19 AM] [StockStalker] chasing them like with POSO  
[12/8/2003 2:13:53 AM] [StockStalker] I will keep an eye on POSO tho... will be nice to see it pull back on lite vol  
[12/8/2003 2:14:28 AM] [anaiz] oz, what do you think of ASTM?  
[12/8/2003 2:14:56 AM] [StockStalker] looks like a swing high more than a swing low  
[12/8/2003 2:15:17 AM] [StockStalker] bit of a rising wedge/triangle look to it  
[12/8/2003 2:15:29 AM] [StockStalker] but some vol coming into the up days  
[12/8/2003 2:15:48 AM] [StockStalker] not worth trying for me  
[12/8/2003 2:16:03 AM] [anaiz] why?  
[12/8/2003 2:16:18 AM] [StockStalker] did u read my comments  
[12/8/2003 2:16:37 AM] [anaiz] on ASTM? yes  
[12/8/2003 2:16:40 AM] [StockStalker] that was the summation of them  
[12/8/2003 2:18:09 AM] [StockStalker] you need a stock that had a strong impulse up on big volume and that has now pulled back on low volume and narrwong day ranges  
[12/8/2003 2:19:04 AM] [anaiz] k  
[12/8/2003 2:19:12 AM] [StockStalker] AMHC is an example... the only problem with it is that it is a bit off of support  
[12/8/2003 2:19:29 AM] [StockStalker] but THAT is the look  
[12/8/2003 2:19:49 AM] [StockStalker] ARLC thin stock.. but has the look  
[12/8/2003 2:20:29 AM] [anaiz] i see the setup  
[12/8/2003 2:20:58 AM] [anaiz] you wait for the breakout first, then buy ion the pb

[12/8/2003 8:32:40 AM] [Newkid49] that had me puzzled also tho...thanks folks  
[12/8/2003 8:32:41 AM] [Fern] on level II, bid ask 5.14/5.17  
[12/8/2003 8:33:17 AM] [Fern] i would not count on that being real, i see this every morning premarket on may stocks  
[12/8/2003 8:33:26 AM] [Newkid49] still on reality level...thanks  
[12/8/2003 8:33:48 AM] [Newkid49] i'm usually not here this early  
[12/8/2003 8:34:01 AM] [Fern] ie. on ITIG last. 6.44 but bid ask stil 5.11/5.19  
[12/8/2003 8:34:24 AM] [TraderDad] INGP Single trade of 5200 shares @ 5.60 on Friday  
[12/8/2003 8:34:41 AM] [Investortrader] I don't see that on ITIG here  
[12/8/2003 8:35:43 AM] [beach] ITIG 4.83 X 5.40 last 5.14  
[12/8/2003 8:36:14 AM] [Investortrader] Now there's a 5.29 ask for 100 shs  
[12/8/2003 8:37:39 AM] [Fern] on my level II i show a last of 6.44 of 3649 shares, but not confirmed by current bid/ask  
[12/8/2003 8:38:22 AM] [Investortrader] I don't show any trades today on ITIG  
[12/8/2003 8:39:08 AM] [Investortrader] And a last of 5.14, which must have been on Fri if no shs traded today  
[12/8/2003 8:40:04 AM] [AllWeOwn] bid 5.11 ask 5.19  
[12/8/2003 8:41:00 AM] [Investortrader] From how I read it, it's 4.83 x 5.29  
[12/8/2003 8:44:09 AM] [Talisman] ITIG - I use Ameritrade, Bid 5.11, Ask 5.19 on Island Bid 4.83, Ask 5.74 No trades yet indicated this morning.  
[12/8/2003 8:44:27 AM] [Fern] i have learned over the last few weeks to ignore these off the wall lasts on my level II pre-market if no change in bid/ask  
[12/8/2003 8:44:36 AM] [Investortrader] Arca has lower asks  
[12/8/2003 8:45:00 AM] [Investortrader] Arca has asks at 5.29, 5.39, and 5.40 ... no size  
[12/8/2003 8:45:31 AM] [Investortrader] And the Ameritrade inside looks like a lvl I quote, not lvl II  
[12/8/2003 8:46:09 AM] [Talisman] Why would that be...it's a Level II screen?  
[12/8/2003 8:46:27 AM] [Fern] my level II shows bid 5.11 and ask 5.19, 100 shares each  
[12/8/2003 8:46:27 AM] [Investortrader] sspro has same lvl I quote but I've found lvl I's aren't used in pre-mtk, just the ecn quotes  
[12/8/2003 8:46:55 AM] [Talisman] Fern that's what my Level II shows too  
[12/8/2003 8:47:11 AM] [Investortrader] Could be the last bid/ask on Fri

[12/8/2003 8:47:28 AM] [Talisman] could be

[12/8/2003 8:47:37 AM] [Investortrader] tradings  
[12/8/2003 8:47:58 AM] [Investortrader] Find a stock trading and moving and compare the lvl I to the action in pre-mkt  
[12/8/2003 8:48:12 AM] [Investortrader] It doesn't synch  
[12/8/2003 8:48:54 AM] [Investortrader] Look at FIBR  
[12/8/2003 8:49:07 AM] [Investortrader] And you'll see what I mean  
[12/8/2003 8:49:21 AM] [Fern] when a stock really moves pre-market you can see the trades go through on my level II  
[12/8/2003 8:49:22 AM] [lars] TERN drops to 4.55 due to down grade by Deutsche Sec. Today Tern reaffirms previous guidance and stock is UP .65 in PM  
[12/8/2003 8:49:33 AM] [Investortrader] Trades going off at 3.15 even though lvl I ask is 2.84  
[12/8/2003 8:50:00 AM] [lars] TERN downgrade was on 12/5  
[12/8/2003 8:50:04 AM] [mstrader] GM all....:)  
[12/8/2003 8:50:07 AM] [Talisman] FIBR no trades PM

[12/8/2003 8:50:29 AM] [Talisman] Funny I don't  
[12/8/2003 8:50:42 AM] [Talisman] Last 3.15?  
[12/8/2003 8:50:42 AM] [Investortrader] They are trading it on ARCA  
[12/8/2003 8:51:00 AM] [Investortrader] Maybe your Lvl II only shows ISLD?  
[12/8/2003 8:51:19 AM] [Investortrader] Yes, last 3.15, just had a 1700 share trade there  
[12/8/2003 8:51:26 AM] [Talisman] Okay...for some reason ARCA doesn't show on my Level II. Although it is listed.  
[12/8/2003 8:51:39 AM] [nemsca] anyone know if there is any news on CVTX, dwn big!!  
[12/8/2003 8:52:04 AM] [Investortrader] I had to go into my program somewhere and check the ARCA box, was only showing ISLD at first (did this a months ago)  
[12/8/2003 8:52:31 AM] [Talisman] Are you with Ameritrade?  
[12/8/2003 8:53:02 AM] [Investortrader] No, I'm looking at sspro, from schwab  
[12/8/2003 8:53:08 AM] [Investortrader] But went thru the same thing  
[12/8/2003 8:53:14 AM] [Investortrader] Of confusion :)  
[12/8/2003 8:53:23 AM] [Fern] alot of volume going through fibr last 3.15, about 800 shares just went through in last 2 minutes different size blocks

## ClubHome

[12/8/2003 8:53:34 AM] [Talisman] I'm a convert from Datek and they still haven't worked out the bugs from the merger  
[12/8/2003 8:53:35 AM] [Fern] 8000 shares  
[12/8/2003 8:53:55 AM] [Investortrader] I've heard a few people complain about ameritrade  
[12/8/2003 8:54:01 AM] [Talisman] yeah, I see the trades in FIBR now  
[12/8/2003 8:54:13 AM] [Investortrader] It's trading on ISLD now also along with ARCA  
[12/8/2003 8:54:14 AM] [Talisman] Any big complaints  
[12/8/2003 8:54:38 AM] [Talisman] I think I'd like to try Trade Portal  
[12/8/2003 8:54:45 AM] [Investortrader] I don't recall what they were exactly, I don't use them so they sort of went in one ear and out the other, sorry  
[12/8/2003 8:55:26 AM] [Talisman] Do you like schwabb  
[12/8/2003 8:55:36 AM] [Investortrader] 38,200 trades in FIBR this morning  
[12/8/2003 8:55:41 AM] [Investortrader] shares, not trades lol  
[12/8/2003 8:56:06 AM] [Investortrader] I do like them, however they aren't the cheapest, and not good for buying 1000's of shs  
[12/8/2003 8:56:26 AM] [Investortrader] As they charge per thousand, so I use Brown for buying in bigger lots  
[12/8/2003 8:56:30 AM] [Stixman] Does anyone using Ameritrade know if you can just short a stock or do you have to check with them first to see if it is available to short??  
thx  
[12/8/2003 8:56:49 AM] [Talisman] Price of Ameritrade is good but, they direct the trades to suit them  
[12/8/2003 8:57:02 AM] [rsi77] You can just short it, but it won't go through if they don't have it available...the order will automatically cancel  
[12/8/2003 8:57:04 AM] [Talisman] Get a lot of late fills  
[12/8/2003 8:57:05 AM] [Investortrader] Major Market Agreement  
[12/8/2003 8:57:09 AM] [Investortrader] Major  
[12/8/2003 8:57:22 AM] [tiga] If you try to short it and it's not available you get a message right away.  
[12/8/2003 8:57:36 AM] [Investortrader] If it trades at your price in a Major Market, whatever market they sent it to has to fill it by SEC rule  
[12/8/2003 8:57:56 AM] [NCTrader] .  
[12/8/2003 8:58:16 AM] [Investortrader] Might be a size differential however  
[12/8/2003 8:58:26 AM] [swan] .  
[12/8/2003 8:58:33 AM] [Talisman] I've had best Bid not executed, and then past  
[12/8/2003 8:58:49 AM] [Investortrader] Depends on where it's traded

## ClubHome

[12/8/2003 8:58:53 AM] [tiga] Ameritrade is still digesting datek purchase. Not all the datek accounts are fully integrated. This is causing a problem with short stock availability to prior datek clients. Supposed to be resolved in the next couple of weeks

[12/8/2003 8:59:18 AM] [Talisman] tiga that would be nice...I hope so

[12/8/2003 12:34:15 PM] [tinaSDtrader] Most of the longs I exited I did on a gap up right at the open with profit, so didn't have too many losers to contend with.

[12/8/2003 12:38:32 PM] [tinaSDtrader] yes, I day traded it on Friday. Then I bought some just before the close on Fri after the d/t dip to hold o/n. Sold that at gap up this morning. Let it pull back, then re-entered.

[12/8/2003 12:39:56 PM] [tinaSDtrader] Actually MEDI, got in premkt this morning some and rest at gap up.

[12/8/2003 12:40:05 PM] [tinaSDtrader] Sold some premkt at good price.

[12/8/2003 12:40:22 PM] [alanjames] tina any objectives on medi for short and intermediate term?

[12/8/2003 12:40:23 PM] [greggster7] do you ever 'fade the gap' as it were--look for gaps to play?

[12/8/2003 12:40:54 PM] [tinaSDtrader] I re-entered around 9:50 and took that 5min swing. Then went in again after bounced off the 50ma on 5s, still holding that batch.

[12/8/2003 12:40:55 PM] [SloTrader] Hotto, I've used colostrum for my colds and it seem to work, 6-8 days gone

[12/8/2003 12:41:30 PM] [tinaSDtrader] I periodically fade the gap - but wildbill very good at that I believe.

[12/8/2003 12:42:04 PM] [greggster7] Is there a PCF for gaps out there?

[12/8/2003 12:43:07 PM] [Talisman] There is the canned Gappers-H

[12/8/2003 12:43:15 PM] [tinaSDtrader] short-term for MEDI I see this - tonight the flu vaccine shortage again will be on the news, major networks. Don't know if they'll mention Flumist as alternative. If so, will be good for MEDI. As for the daily chart, 10ema just crossing 20ema now, and trying to stay above 50ma on daily now. I'd like to see it close above both 50sma and ema before close today.

[12/8/2003 12:43:19 PM] [BossFan] NCEN looking good!

[12/8/2003 12:45:57 PM] [tinaSDtrader] MEDI at minimum been a good trading stock, short and long, past couple days. But shorting, be careful.

[12/8/2003 12:46:30 PM] [tinaSDtrader] Like could have faded the gap up for a quick buck at open.

[12/8/2003 12:46:49 PM] [tinaSDtrader] But my focus on it is to squeeze \$ out on the moves up.

[12/8/2003 3:51:07 PM] [tinaSDtrader] NANO my fav of all 3 on the daily because it is still fairly close to support, the others further to fall if they roll over, but I may trade them.  
[12/8/2003 3:51:52 PM] [tinaSDtrader] This is why I warned earlier about shorting NANO today, it was making higher lows for past two days. I don't short against that.

[12/8/2003 3:54:18 PM] [joduval] or what basic indicators do you like to use  
[12/8/2003 3:54:32 PM] [tinaSDtrader] there are 12 templates avail in TC Net, I use three for my daily charts so not too much on a chart. I don't like too much on one chart.  
[12/8/2003 3:55:11 PM] [tinaSDtrader] I don't share all my indicators, just some. But I can tell you I have 10/20ema on every single time frame, as well as 50/200 ema and sma. I also keep volume bars with a 30-per SMA over volume on every time frame.  
[12/8/2003 3:55:30 PM] [decdog] Nano was fun TY Tina

[12/8/2003 5:35:14 PM] [Derfel] SCKT After 6 closed candlesticks in a row, it's probably close to a bounce.  
[12/8/2003 5:36:09 PM] [cperkins] should bounce off b band too  
[12/8/2003 5:36:30 PM] [Johnster] AKAM getting clobbered AHs even tho' it reiterated earnings and rev. guidance...??  
[12/8/2003 5:37:29 PM] [Cobratrader] now adays it's raise guidance or hit the road,  
[12/8/2003 5:38:55 PM] [gordo] Derfel & Cperkins tks I'm an optimist.  
[12/8/2003 5:40:20 PM] [Johnster] ACtually, AKAM DID boost rev. guidance and it still wasn't enough...real rotation out of these little guys, I guess.  
[12/8/2003 5:44:45 PM] [Derfel] What do you all think will happen when the Dow hits 10000 tomorrow?

[12/8/2003 7:16:34 PM] [Rjw] click pencil at top of chart  
[12/8/2003 7:17:44 PM] [Rjw] then click on icon

[12/8/2003 7:20:55 PM] [Rookie] RJW. Just got in so may have missed most of the conv. but why did you pick that point to construct the gann at?  
[12/8/2003 7:22:25 PM] [TraderStar] lots of new toys to play with there :)  
[12/8/2003 7:22:40 PM] [Rjw] low point to high point  
[12/8/2003 7:23:24 PM] [TraderStar] and what is that white zig zag line going through the chart?

[12/8/2003 7:25:46 PM] [TraderStar] I think we could discuss this chart all night! just noticed the horizontal lines, how did you decide where to put them?

[12/8/2003 7:25:59 PM] [TraderStar] that is some chart! :)

[12/8/2003 7:26:45 PM] [Rjw] low to high again

[12/8/2003 7:27:02 PM] [Rjw] different low

[12/8/2003 7:27:51 PM] [TraderStar] I think rjw needs to do a Sat tutorial on making really complex charts in TC Net :D

[12/8/2003 7:28:07 PM] [Rjw] just learning

[12/8/2003 7:28:19 PM] [lavenderangel] what does a gann give you. just got back from errand

[12/8/2003 7:28:49 PM] [Rjw] angle of ascent

[12/8/2003 7:29:13 PM] [Rjw] of price

[12/8/2003 7:29:37 PM] [TraderStar] short answer: zones of probability

[12/8/2003 7:29:38 PM] [lavenderangel] how do you determine where to put it ? i just tried and it rotates. what is the method behind this madness?

[12/8/2003 7:30:03 PM] [Rjw] fibernaci give retracement points

[12/8/2003 7:30:16 PM] [TraderStar] usually you pick a low pivot point and draw it upwards to right from there

[12/8/2003 7:30:23 PM] [lavenderangel] ah, need another tool to use it!!

[12/8/2003 7:47:54 PM] [mace] .

## ClubHome

[12/8/2003 8:12:22 PM] [hotto] volume slowed a bit.. not a huge BO.. but.. ok for now  
[12/8/2003 8:12:51 PM] [hotto] note.. bounced off sma10.. as often happens.  
[12/8/2003 8:13:17 PM] [hotto] Energy and Cyclical.. provided the Big Cap leadership we needed..  
[12/8/2003 8:13:31 PM] [hotto] .  
[12/8/2003 8:14:03 PM] [hotto] DIA.. tracked right with the DJIA.. avg  
[12/8/2003 8:14:15 PM] [hotto] oh oh..  
[12/8/2003 8:14:28 PM] [hotto] Back to DJ-30.. shared now  
[12/8/2003 8:14:34 PM] [hotto] .  
[12/8/2003 8:15:27 PM] [hotto] DIA.. also NH52.. moderate volume  
[12/8/2003 8:15:41 PM] [hotto] .  
[12/8/2003 8:16:17 PM] [hotto] pushing upr BB up now..  
[12/8/2003 8:16:48 PM] [hotto] back on DJIA.. HOD=9970.. only 30 more points to magic 10k...  
[12/8/2003 8:17:49 PM] [hotto] using this last minor PB... to get a FOP.. = 10047  
[12/8/2003 8:18:55 PM] [hotto] maybe 10038.. is better..  
[12/8/2003 8:19:29 PM] [hotto] we had other FOPs.. 10200 101xx.. plenty of numbers..  
[12/8/2003 8:20:06 PM] [hotto] the key thing.. will be to get it in the books.. Print over 10k... then.. find ST top  
[12/8/2003 8:20:41 PM] [hotto] brb  
[12/8/2003 8:21:32 PM] [hotto] As happened in Nasdaq.. last week.. I expect some PT.. to hit.. soon after the 10K is crossed..  
[12/8/2003 8:22:24 PM] [hotto] we had several points where 9900... was hit.. over last month... and 9930....  
[12/8/2003 8:23:07 PM] [hotto] so.. I expect an early PB to bounce from one of those numbers..  
[12/8/2003 8:23:36 PM] [hotto] Also.. note.. Nasdaq.. took 3 days to find bottom today....  
[12/8/2003 8:24:42 PM] [hotto] COMPQX.. nearly tagged sma50 today.. hit 1927 before bounce to close near Highs.. 1948.  
[12/8/2003 8:25:31 PM] [hotto] closed just below LR30 today.. and below Friday's open.. so some minor resistance just above  
[12/8/2003 8:26:15 PM] [hotto] Today.. it was noticeable.. DJIA.. was green all day.. while Nasdaq was red.. most of day.. until last hour..  
[12/8/2003 8:27:09 PM] [hotto] But... COMPQX.. NH52 last Wed. then 3 days later hit low today and bounced..  
[12/8/2003 8:27:42 PM] [hotto] Fed meeting tomorrow.. nobody expects a rate
