[2/7/2004 12:11:37 PM] [hotto] I just got my Popup...

[2/7/2004 12:12:16 PM] [hotto] Ever since last November, when Briefing.com initiated the new Platinum Service..

[2/7/2004 12:12:51 PM] [hotto] We have been discussing with them, a way to get the rates back down for our members.

[2/7/2004 12:13:16 PM] [hotto] We came up with a way, at least for Members of the website.

[2/7/2004 12:13:22 PM] [hotto] Hottoworks.com

[2/7/2004 12:13:49 PM] [hotto] Monday, we will be able to begin finalizing the deal, I think.

[2/7/2004 12:14:37 PM] [hotto] Should be able to get the Platinum service for 180 / year... and about 18 / month... for monthly subscribers.

[2/7/2004 12:15:18 PM] [hotto] that is just for the cost of the credit card transactions.. and handling.. 18 may be more than needed.

[2/7/2004 12:15:38 PM] [hotto] Anyway.. enough about that..

[2/7/2004 12:15:57 PM] [hotto] Thanks to all who voted in our Poll.

[2/7/2004 12:16:41 PM] [hotto] That saving won't pay for the annual subscription to Hottoworks.com

ClubHome

[2/7/2004 12:17:22 PM] [hotto] but..a start. We have more ideas of services to get for members.. at discounts.

[2/7/2004 12:17:53 PM] [hotto] We need to see how this first one goes.. Then.. go for another.

[2/7/2004 12:17:59 PM] [hotto] Dragon1 wrote : this is better than AAA

[2/7/2004 12:18:06 PM] [hotto] =D

[2/7/2004 12:19:13 PM] [hotto] Well.. another week in the markets.

[2/7/2004 12:19:54 PM] [hotto] We managed to be mostly Short.. until mid day Thursday.. then Covered most shorts.. and Sold PUTs..

[2/7/2004 12:20:05 PM] [hotto] and.. got some long for Friday..

[2/7/2004 12:20:31 PM] [hotto] Wednesday night.. in our MarketView discussion...

[2/7/2004 12:21:11 PM] [hotto] we discussed the beginning of the.. possible.. next leg down.. in the IT correction..

[2/7/2004 12:21:49 PM] [hotto] Wednesday.. the DJIA.. had a real Down day...

[2/7/2004 12:22:05 PM] [hotto] Lower high.. lower low.. lower Close..

[2/7/2004 12:22:50 PM] [hotto] So.. it had then "qualified" for an ABC PB... from the 1/26/04 last NH52..

[2/7/2004 12:23:19 PM] [hotto] So.. with a move down.. having begun.. Wednesday..

[2/7/2004 12:23:49 PM] [hotto] we had the "requirement" of a continuation.. to downside.. on Thursday.. OR

[2/7/2004 12:24:26 PM] [hotto] would have to consider the Upside case.. for a retest of the Jan Highs..

[2/7/2004 12:24:40 PM] [hotto] or at least a try for that.

[2/7/2004 12:25:18 PM] [hotto] that is.. Thursday... was our time.. to be alert for "stalling to the downside"...

[2/7/2004 12:25:49 PM] [hotto] We have discussed "stalling" several times over the last 16 months.. here in Hotto Club

[2/7/2004 12:26:19 PM] [hotto] usually... related to a Stock.. "stalling" before it reaches our Target.. in a rally..

[2/7/2004 12:26:45 PM] [hotto] Here was the opposite case... AND.. related to the whole market..

[2/7/2004 12:26:54 PM] [hotto] at least to the DJIA..

[2/7/2004 12:27:39 PM] [hotto] On Thursday, we had a couple attempts at a decline.. BUT..

[2/7/2004 12:28:18 PM] [hotto] by about 1130ET.. we still had a PBD..

[2/7/2004 12:28:38 PM] [hotto] Positive Breadth Divergence.. in Breadth vs DJIA..

[2/7/2004 12:28:58 PM] [hotto] AND.. the DJIA. had not yet taken out Wed. LOD.

[2/7/2004 12:29:58 PM] [hotto] That kind of close decision has been going on.. for the

last week..

[2/7/2004 12:30:20 PM] [hotto] I am exhausted.. contantly on alert.. as to next move..

[2/7/2004 12:30:42 PM] [hotto] But.. we came through it ok..

[2/7/2004 12:31:07 PM] [hotto] at least 2 members reported having their single best day ever yesterday...

[2/7/2004 12:31:15 PM] [hotto] Congratulations !

[2/7/2004 12:31:32 PM] [hotto] one reported best week ever this last week.

[2/7/2004 12:32:00 PM] [hotto] personally, I did ok... but no records..

[2/7/2004 12:32:14 PM] [hotto] and.. of course.. PPINIOFR

[2/7/2004 12:33:01 PM] [hotto] One reason we were so on edge... was the severe weakness in at least 4 of the Avgs.. we monitor..

[2/7/2004 12:33:33 PM] [hotto] DJ-20... we discussed last week.. Finally bounced on Friday

[2/7/2004 12:35:02 PM] [hotto] SOX--X had fallen below sma50.. and held there.. for 6 days..

[2/7/2004 12:35:53 PM] [hotto] CYC--X had sold off for 7 straight days.. from the little dble top.. on 1/26.

[2/7/2004 12:36:48 PM] [hotto] COMPQX.. had a nasty ABC.. to the sma50.. over 7 days.. from the 1/26 dble-top

[2/7/2004 12:37:23 PM] [hotto] So.. the concern was.. and continues.. what the DJ-20 etc.. were telling us

[2/7/2004 12:37:52 PM] [hotto] But... as we know.. from years of experience..

[2/7/2004 12:38:28 PM] [hotto] The DJIA.. is most always the last index to correct in an IT correction..

[2/7/2004 12:38:54 PM] [hotto] So.. with the 4 or more.. very oversold (ST).. indexes..

[2/7/2004 12:39:13 PM] [hotto] we had to consider a snap-back.. at any time.... and..

[2/7/2004 12:39:36 PM] [hotto] With the Employment report coming Friday morning..

[2/7/2004 12:39:47 PM] [hotto] and the G7 meeting beginning..

[2/7/2004 12:40:12 PM] [hotto] There was an opportunity.. for a Rally... beginning FRiday..

[2/7/2004 12:40:56 PM] [hotto] anyway... we got it close enough... made \$\$\$ to pay bills..

[2/7/2004 12:41:49 PM] [hotto] DJIA.. closed back over the "B" of 2/2/04.. and over sma10, 20 , and LR30

ClubHome

10658.43.. the 1/28.. HOD

[2/7/2004 12:43:21 PM] [hotto] On my chart.. it appears.. that would again peek the DJIA over that 4 year DT line... now below 10650.

[2/7/2004 12:43:59 PM] [hotto] note.. Volume was down slightly on Friday..

[2/7/2004 12:44:38 PM] [hotto] Suggests.. that after the ST rally is over.. we may have to come back down.. and retest ... or go lower..

[2/7/2004 12:45:06 PM] [hotto] No guarantees... AND.. notice.. They are not making it easier..

[2/7/2004 12:45:42 PM] [hotto] DIA.. was a bit nicer to us.. Similar to DJIA.. BUT.... Increasing Volume

[2/7/2004 12:46:18 PM] [hotto] We have discussed the function of the ETFs.. vs the Cash Indexes in past Saturdays..

[2/7/2004 12:46:38 PM] [hotto] so... this DIA is reassuring.. at least for the ST rally..

[2/7/2004 12:46:57 PM] [hotto] Greenspan goes before congress next Wed. Thurs..

[2/7/2004 12:47:13 PM] [hotto] A perfect time for another Downside Reversal..

[2/7/2004 12:47:38 PM] [hotto] Options Exp.. is on 2/20... 2 weeks from yesterday..

[2/7/2004 12:48:09 PM] [hotto] I have written about that reversal point in the past.. more than once

[2/7/2004 12:48:47 PM] [hotto] Yesterday.. we ended with A/D = 4/1 approx.. !!!

[2/7/2004 12:49:24 PM] [hotto] That is enough to think of it as a PBT = Positive Breadth Thrust..

[2/7/2004 12:50:12 PM] [hotto] Note.. the Positive A/D was more lopsided than any Neg Breadth recently..

[2/7/2004 12:50:43 PM] [hotto] So.. the Bulls took the ball away from the Bears.. at least for the ST..

[2/7/2004 12:51:42 PM] [hotto] I expect we get more upside over the next few days.. AT least Intraday Rallies.. that will allow us to do our old favorite thing..

[2/7/2004 12:52:04 PM] [hotto] Buy SWGC.. (Stocks with good charts)

[2/7/2004 12:52:36 PM] [hotto] I will be aggressive at the s= points.. over these days..

[2/7/2004 12:53:23 PM] [hotto] We kept our huge profits.. from Late December.. to 4th week January... so far..

[2/7/2004 12:53:39 PM] [hotto] I have no intention to give them back now..

[2/7/2004 12:54:02 PM] [hotto] Yesterday... Trading account finished at a new high for me..

[2/7/2004 12:54:51 PM] [hotto] So.. as usual... We go back to our hourly "health tests" on Monday..

[2/7/2004 12:55:04 PM] [hotto] THink how important that was on Friday..

ClubHome

[2/7/2004 12:55:23 PM] [hotto] Allowed us to get Very Long.. by mid day..
[2/7/2004 12:55:52 PM] [hotto] I got over 100% Long.. in stocks.. not counting the DIA stuff
[2/7/2004 12:56:05 PM] [hotto] some I am using..
[2/7/2004 12:56:35 PM] [hotto] LTXX bounced off Lwr BB.. now a Bum50b
[2/7/2004 12:57:07 PM] [hotto] VSEA.. a G+ .. also Bum50b..
[2/7/2004 12:57:57 PM] [hotto] XING.. second day up...after the near sma50 tag... NOte... Lwr BB turned it...so far.
[2/7/2004 12:58:35 PM] [hotto] XING.. had a NH52 on 1/21/04.. last.. we were playing it then..
[2/7/2004 12:59:09 PM] [hotto] XING.. retested that high... on 1/27.. a dble top... Led to the decline to sma50..
[2/7/2004 12:59:37 PM] [hotto] now.. I look for a move to about sma20... min.. maybe to LR30..
[2/7/2004 1:00:18 PM] [hotto] KEI another G+... a Bum20 now..
[2/7/2004 1:00:59 PM] [hotto] BKHM.. one we used in Hottoworks since late Dec.. below 2.20..
[2/7/2004 1:01:21 PM] [hotto] Sold out.. near 3.40... then.. Bot back under 3..
[2/7/2004 1:01:41 PM] [hotto] yesterday.. Bum20..
[2/7/2004 1:03:36 PM] [hotto] CYML... a CE stock.. "back end".. recent big decline to ema200.. from a false BO.. to NH52 at 50.44 on 1/20/04
[2/7/2004 1:04:19 PM] [hotto] Note.. All these stocks.. ended Friday... with good gains.. AND.. Increased Volume over Thursday..
[2/7/2004 1:04:44 PM] [hotto] Will likely make higher highs on Monday.
[2/7/2004 1:05:27 PM] [hotto] SMH.. I missed entry on Thursday AH and Friday..
[2/7/2004 1:06:15 PM] [hotto] tracked the SOX very well.. in the decline.. NOte.. dropped through sma50...down to Lwr BB.. and ema100 before bounce
[2/7/2004 1:06:51 PM] [hotto] Remember our BB discussions.. THat is where the "oversold" applies..
[2/7/2004 1:07:32 PM] [hotto] SMH... rebounded... Friday.. Bum50 now.. on big Volume..
[2/7/2004 1:08:02 PM] [hotto] That was part of our discussion on Wed and Thurs nites..
[2/7/2004 1:08:08 PM] [hotto] in Market View..
[2/7/2004 1:08:38 PM] [hotto] to look for the "oversold 4" to bounce hard into a Friday Rally..
[2/7/2004 1:08:50 PM] [hotto] They did
[2/7/2004 1:09:16 PM] [hotto] Semi leaders this time.. were MXIM ADI LLTC

ClubHome

[2/7/2004 1:09:47 PM] [hotto] MXIM on earns.. Thurs nite..
[2/7/2004 1:10:09 PM] [hotto] ADI.. also Bum50... up to LR30.. FDU
[2/7/2004 1:10:27 PM] [hotto] LLTC.. up to just below sma50...
[2/7/2004 1:10:47 PM] [hotto] these are 3 of the top Analog Chip companies..
[2/7/2004 1:11:11 PM] [hotto] keep an eye on them Monday.. for follow thru ?
[2/7/2004 1:11:56 PM] [hotto] SP-500... also snapped back... OVer "B" of 2/2/04...
[2/7/2004 1:12:36 PM] [hotto] OBV was good... as we discussed Thursday nite..
Continues strong..
[2/7/2004 1:13:01 PM] [hotto] note the appearance of the ABC PB.. now rally back
over "B"..
[2/7/2004 1:13:22 PM] [hotto] It could surge higher immediately...
[2/7/2004 1:13:42 PM] [hotto] We will be measuring the "health" all day long..
[2/7/2004 1:14:00 PM] [hotto] volume was down a bit.. a concern.... But..
[2/7/2004 1:14:15 PM] [hotto] SPY.. volume was up a bit..
[2/7/2004 1:14:35 PM] [hotto] again.. the ETF is getting first buying
[2/7/2004 1:15:10 PM] [hotto] note.. SPY.. is very near LR30 watch on Monday
[2/7/2004 1:15:34 PM] [hotto] COMPQX Rallied off the sma50.. and Lwr BB
[2/7/2004 1:16:16 PM] [hotto] closed the 2/3 gap..
[2/7/2004 1:16:25 PM] [hotto] volume down a bit..
[2/7/2004 1:16:47 PM] [hotto] QQQ... similar pattern.. Volume Up a bit..
[2/7/2004 1:17:10 PM] [hotto] DJ-20... huge rally Friday..
[2/7/2004 1:17:26 PM] [hotto] now has a ways to go.. to reach sma50..
[2/7/2004 1:18:18 PM] [hotto] CYC--X... bounced off Lwr BB... now Bum50
[2/7/2004 1:19:04 PM] [hotto] G7 meeting started Friday.. To the extent that these 2
Indexes were fearful of a higher Dollar..
[2/7/2004 1:19:20 PM] [hotto] The answer will be in by Monday..
[2/7/2004 1:19:40 PM] [HOTTO] charlesd has replied to: Briefing.com deal
[2/7/2004 1:20:19 PM] [hotto] And.. they were likley oversold.. beyond the Dollar
concerns.. in the ST.. so...
[2/7/2004 1:20:56 PM] [hotto] likely that the rally can continue into next week.. no
matter what comes out of the G7
[2/7/2004 1:21:18 PM] [hotto] Similar to the Treasury Refunding Auction... last
August..
[2/7/2004 1:21:39 PM] [hotto] Remeember that?... We got that one pretty well right..
[2/7/2004 1:22:12 PM] [hotto] The Shorting ahead of the auction... And the Selling.. in
Int. sensitive stocks.
[2/7/2004 1:22:31 PM] [hotto] put the mkt in "oversold" going INto the auction.. So...
[2/7/2004 1:22:56 PM] [hotto] a. "not as bad as feared"... on 2nd leg of the auction...

ClubHome

[2/7/2004 1:23:26 PM] [hotto] launched a "relief rally"... that Morphed into the BO Rally.. in late August...

[2/7/2004 1:23:50 PM] [hotto] That took out the June Highs.. and Proved.. we were in a Bull Mkt..

[2/7/2004 1:24:07 PM] [hotto] and not just a big IT Rally... in a Bear MKt..

[2/7/2004 1:24:30 PM] [hotto] That all came out of ... Overselling.. Ahead of an expected event..

[2/7/2004 1:24:38 PM] [hotto] Like the G7 .. now

[2/7/2004 1:25:17 PM] [hotto] Maybe we can get a slingshot out of this.. ???

[2/7/2004 1:25:43 PM] [hotto] we can only watch the numbers.. and be aware of the possibilities..

[2/7/2004 1:26:46 PM] [hotto] That gives us.. possibilities.. all the way from Sling shot to New Highs.. to..... rally a bit more.. roll over.. and resume the IT decline..

[2/7/2004 1:27:01 PM] [hotto] a Big range.. of choices..

[2/7/2004 1:27:28 PM] [hotto] I will probably continue on edge.. and be exhausted again next weekend

[2/7/2004 1:27:41 PM] [hotto] swan wrote : back on 2/2, you predicted that "OEX would be at 542 or lower by 2/20". Is that now changed?

[2/7/2004 1:27:57 PM] [hotto] Predicted ?.. hmmm..

[2/7/2004 1:28:51 PM] [hotto] I hope I just "allowed for it".. BUT.. whatever..

[2/7/2004 1:29:15 PM] [hotto] I am a Trader... always on the alert to changing conditiong...

[2/7/2004 1:29:28 PM] [hotto] Go back to October.. a Classic !

[2/7/2004 1:30:29 PM] [hotto] I had to change my whole model... when the market "told us" it did not want to correct.. or.. at least. made new highs.. mid -Oct.. unexpected..

[2/7/2004 1:30:55 PM] [hotto] THis week.. market "stalled on the downside".. on Thursday..

[2/7/2004 1:31:37 PM] [hotto] Now.. I have to be alert for more upside.. without the bigger decline I was expecting..

[2/7/2004 1:31:58 PM] [hotto] Remember.. our discussions.. about models..

[2/7/2004 1:32:22 PM] [hotto] make a model... some plans... As far ahead as you have data...

[2/7/2004 1:33:07 PM] [hotto] Then... monitor daily... usually Hourly... to see if the Market is going along with the model... well enough..

[2/7/2004 1:33:25 PM] [hotto] or.. have to make a mid course correction to model..

OR

[2/7/2004 1:33:36 PM] [hotto] junk the whole thing.. and start over

ClubHome

[2/7/2004 1:34:00 PM] [hotto] So far.. I have had to make 3 mid-course corrections.. since April..

[2/7/2004 1:34:27 PM] [hotto] 1. Expected more decline after the June 17,2003 Peak..

[2/7/2004 1:34:49 PM] [hotto] 2. Expected more correction beginning after 10/10/2003..

[2/7/2004 1:35:19 PM] [hotto] 3. this "stalling to downside" this Thursday.

I agree, market dictates which to use. Maybe sometime you could touch on which "intermed. low" to consider for plan 5 -10-15 day. It makes some diff. if using NASDAQ or DJ 30. Which is dominate at the time some believe is important. Thank you, sir. drd
