[1/30/2004 12:00:30 AM] [Investortrader] Fell thru them all yesterday  
[1/30/2004 12:00:55 AM] [Investortrader] And not much of a bounce today, the middle BB stopped it  
[1/30/2004 12:02:57 AM] [Investortrader] OBV got hit hard earlier and is slowly climbing back now  
[1/30/2004 12:03:06 AM] [Investortrader] GOt hit early Jan  
[1/30/2004 12:03:42 AM] [Investortrader] This one could be a good short, It is also in a sector that will get hit by higher rates when they come  
[1/30/2004 12:04:12 AM] [Investortrader] Fairly safe trade especially on any bounce  
[1/30/2004 12:05:21 AM] [Investortrader] SS, you don't use scans? you just sort by PCF's the entire stock list?  
[1/30/2004 12:05:49 AM] [StockStalker] yes.... when I see the 3 TRUES's line up.. it is like winning on a slot machine  
[1/30/2004 12:06:16 AM] [Investortrader] What are the 3 TRUES's?  
[1/30/2004 12:07:04 AM] [StockStalker] have many more than 3.. but can be like Inside day.... NR%, NR7  
[1/30/2004 12:07:10 AM] [StockStalker] 3 lower high  
[1/30/2004 12:07:32 AM] [Investortrader] Ahh  
[1/30/2004 12:07:46 AM] [Investortrader] Or 3 higher highs for going long?  
[1/30/2004 12:07:59 AM] [Investortrader] Or are you using 3 lower highs in a minor pb to go long?  
[1/30/2004 12:08:41 AM] [StockStalker] that is the correct way to right a Pullback  
[1/30/2004 12:08:50 AM] [StockStalker] better than 3 lower closes

[1/30/2004 12:10:40 AM] [StockStalker] it narrows my focus  
[1/30/2004 12:11:08 AM] [Investortrader] I like being focused!  
[1/30/2004 12:11:16 AM] [StockStalker] I dont chase stocks  
[1/30/2004 12:11:31 AM] [StockStalker] I am either in within 1% of the swing bottom or stopped out  
[1/30/2004 12:11:50 AM] [StockStalker] during certain mkts I may add some momo stuff to what i do  
[1/30/2004 12:12:06 AM] [Investortrader] I do remember you saying once awhile ago (I think it was you) that when most people are buying you are selling it to them  
[1/30/2004 12:12:53 AM] [Investortrader] What time frame do you usually trade?  
[1/30/2004 12:13:54 AM] [StockStalker] it is very common for me to be selling 1/4 to 1/3 at about the time many around here are calling a BTBO  
[1/30/2004 12:14:13 AM] [StockStalker] I was doing some buying today before the move up  
[1/30/2004 12:14:35 AM] [Investortrader] I do some momo stuff as long as it's still near the BO area using that as support  
[1/30/2004 12:14:43 AM] [StockStalker] but I trade individual charts and do not let the mkt affect me conciously  
[1/30/2004 12:14:56 AM] [Investortrader] And some support testing stuff, like buying when a stock falls to the 50sma  
[1/30/2004 12:15:07 AM] [StockStalker] all trades originate from the daily.. and am now core trading off the weekly as well  
[1/30/2004 12:15:20 AM] [Investortrader] All my trading comes off the daily chart also  
[1/30/2004 12:18:35 AM] [StockStalker] IDEV an example of my new CORE trade program  
[1/30/2004 12:19:45 AM] [Investortrader] CORE, so I should look at the weekly to see what you are seeing?  
[1/30/2004 12:21:17 AM] [Investortrader] Has a nice long base on the weekly  
[1/30/2004 12:22:58 AM] [Investortrader] Going to call it an early night, getting tired, good trading tomorrow  
[1/30/2004 12:23:07 AM] [StockStalker] later  
[1/30/2004 12:23:18 AM] [anaiz] oz, is SVVS a 3 day of lower lows?  
[1/30/2004 12:23:36 AM] [anaiz] nite it  
[1/30/2004 12:23:44 AM] [poppop\_1943] IT, noticed your comment about installing the new version. I got mine today, closed my firewall and antivirus, installed on 2 Win XP Pro machines. Flawless installation. No changes to PCF's. Very easy changeover  
[1/30/2004 12:25:00 AM] [Stixman] You can use the same disk on multiple machines??

[1/30/2004 7:17:19 AM] [frank54] I loaded the new cd yesterday and thought everything went fine, didn't lose any templates, pcf's etc. However on updating this morning it took 20 minutes and only made it through half of the data before I cancelled out of frustration.
