[1/23/2004 12:34:00 AM] [ilovemusicCOM] I finished my tango lesson, my students look great for beginners.
[1/23/2004 12:34:07 AM] [bmweyrauch] how you doin' music?
[1/23/2004 12:34:19 AM] [bmweyrauch] excellent :)
[1/23/2004 12:34:35 AM] [ilovemusicCOM] I'm doing great, but today my stocks slipped a bit.
[1/23/2004 12:34:46 AM] [ilovemusicCOM] still most are green
[1/23/2004 12:35:08 AM] [ilovemusicCOM] I was wondering if you had stops in place.
[1/23/2004 12:35:18 AM] [bmweyrauch] many of my stops hit here,,,, a down day but doing great YTD
[1/23/2004 12:35:41 AM] [ilovemusicCOM] do you have automatic sell stops?
[1/23/2004 12:35:59 AM] [bmweyrauch] when away from screenstops in place....stop limit orders
[1/23/2004 12:36:47 AM] [ilovemusicCOM] sometimes those are visible to market makers, sometimes not depending on your broker and trading account
[1/23/2004 12:37:52 AM] [bmweyrauch] I have been told by both of my brokers that they are hidden in their servers...I have no way of verifying...take their word for it for now
[1/23/2004 12:38:35 AM] [ilovemusicCOM] good if hidden
[1/23/2004 12:39:39 AM] [ilovemusicCOM] I'm interested in SCUR
[1/23/2004 12:39:52 AM] [ilovemusicCOM] they reported today and got slammed even before the report
[1/23/2004 12:40:37 AM] [bmweyrauch] looks like neg guidance took them down
[1/23/2004 12:40:47 AM] [ilovemusicCOM] they sounds really delighted on their conference call but guided down slightly for Q1
[1/23/2004 12:41:23 AM] [bmweyrauch] you looking for a bounce here? dropped far and fast
[1/23/2004 12:42:13 AM] [ilovemusicCOM] I'm looking for a bounce, but not expecting

ClubHome

it, if that makes sense

[1/23/2004 12:42:42 AM] [ilovemusicCOM] it ran up really fast from 14 to 19+

[1/23/2004 12:43:14 AM] [ilovemusicCOM] nice support around 14.61

[1/23/2004 12:44:06 AM] [bmweyrauch] my OBV study suggests lower, to below 50MA even though a bounce may occur....yes, 14 - 15 support

[1/23/2004 12:44:28 AM] [ilovemusicCOM] I'm looking 6 months down the read for it to be a nice gain from here.

[1/23/2004 12:45:28 AM] [ilovemusicCOM] based on 8876211 OPS pattern, where OPS = operating cash flow and numbers represent ratings for each quarter with respect to OPS

[1/23/2004 12:45:47 AM] [ilovemusicCOM] 8 = worst possible OPS; 1 = best

[1/23/2004 12:46:07 AM] [ilovemusicCOM] they expect cash flow to continue to be strong

[1/23/2004 12:46:38 AM] [bmweyrauch] you have lost me now :)....I have not read up on this topic..I know you have been working with it a while

[1/23/2004 12:47:02 AM] [bmweyrauch] sounds interesting though

[1/23/2004 12:47:41 AM] [ilovemusicCOM] companies were put into eight different control groups based on their past performance with respect to cash flow

[1/23/2004 12:47:44 AM] [Nalvo] neng

[1/23/2004 12:48:05 AM] [ilovemusicCOM] it was discovered there was an extremely high correlation between price performance and the control groups

[1/23/2004 12:48:18 AM] [ilovemusicCOM] over a 2 year period

[1/23/2004 12:48:35 AM] [ilovemusicCOM] this OPS stuff is not for short term trading

[1/23/2004 12:48:40 AM] [bmweyrauch] cashflow.....always critical to success or failure imo

[1/23/2004 12:49:12 AM] [bmweyrauch] makes sense...longer term considerations

[1/23/2004 12:50:09 AM] [bmweyrauch] well...must call it a night....good fortune to you music....take care

[1/23/2004 12:50:19 AM] [bmweyrauch] GN

[1/23/2004 12:50:27 AM] [ilovemusicCOM] you too, dream up some good strategies.

[1/23/2004 12:50:41 AM] [bmweyrauch] :D

[1/23/2004 12:50:51 AM] [ilovemusicCOM] :))

[1/23/2004 12:51:03 AM] [bmweyrauch] buy low...sell high, sell high, buy low ;)

[1/23/2004 12:51:05 AM] [ilovemusicCOM] B)

[1/23/2004 12:51:21 AM] [ilovemusicCOM] buy high, sell higher?

[1/23/2004 12:51:53 AM] [bmweyrauch] that works too, GN :)
