You will not see your comments in the chat window. Please write all your questions here in Hotto Club... so they get into the Chat Logs.

[12/20/2003 12:05:05 PM] [HOTTO] This channel is now a moderated auditorium. Chat will be queued for channel moderators.

[12/20/2003 12:05:13 PM] [HOTTO] bjjgsa has joined the club. Please welcome your new member.

[12/20/2003 12:05:45 PM] [hotto] If you see Shared charts different from what I post, try re-doing Share... Click the little 'x' in upper right of chart.. then.. start over with the Share... usually clears it up.

[12/20/2003 12:05:55 PM] [hotto] One more way to try to fix Sharing... Click on the Faces icon and reload ...

[12/20/2003 12:06:05 PM] [hotto] some may have to Close TCNet and Re-Load program... to clear up the Sharing problem

[12/20/2003 12:06:22 PM] [hotto] Please do not send PM questions... Please Write your questions into the Chat window...

[12/20/2003 12:06:34 PM] [hotto] If there are distractions from other Chat Streams, you can block out the other Chat Streams. Click the little hammer at bottom of screen... click on the Clubs with the conflicting chat... to Uncheck the box. then click in the Chart window.

[12/20/2003 12:06:46 PM] [hotto] Please enter all questions/ comments into the Hotto Club Chat Stream. That way your question will be included in the Chat Logs... and will not be forgotten... and - will be seen by other Members... to make the answers more coherent.

[12/20/2003 12:06:59 PM] [hotto] To Copy the Shared Chart... Open a Window with Microsoft "Paint". Then.. In the TCNet Window... hit "Print Screen"... to copy the Graph into the Window's buffer.. Then Switch to the Paint Window... and hit Ctl-V... to copy the Picture in.. Then you can save the Picture to Disk.

time..

[12/20/2003 12:25:04 PM] [hotto] We really can only watch now.. and react..

[12/20/2003 12:25:40 PM] [hotto] .

[12/20/2003 12:26:40 PM] [hotto] QQQ - similar.. closed down a bit.. but close enough to Highs.. a surge could make new highs..

[12/20/2003 12:27:18 PM] [hotto] note... OBV is not too bad in QQQ.. not telling us "down"..

[12/20/2003 12:27:26 PM] [hotto] .

[12/20/2003 12:28:23 PM] [hotto] SP-500 . Closed down a bit Friday.. after the close Thursday.. right at Upr..BB

[12/20/2003 12:28:36 PM] [hotto] .

[12/20/2003 12:29:37 PM] [hotto] SPY - similar.. with more heavy selling on Friday..

[12/20/2003 12:30:16 PM] [hotto] Could be... has to do with the Quadruple- witching.. Options Exp.. and Futures exp..

[12/20/2003 12:31:01 PM] [hotto] Many complex hedging strategies out there.. involving all the inter-relationships..

[12/20/2003 12:31:36 PM] [hotto] SPY.. had an ok OBV pattern to Thursday's close..

[12/20/2003 12:32:02 PM] [hotto] Maybe Friday begins a PB... or.. ???

[12/20/2003 12:32:22 PM] [hotto] at least SPY held within Thursday's range..

[12/20/2003 12:32:30 PM] [hotto] .

[12/20/2003 12:33:15 PM] [hotto] And.. held in the Uptrend above sma10 and LR30..

[12/20/2003 12:33:19 PM] [hotto] .

[12/20/2003 12:34:37 PM] [hotto] DJ-30 again.. note the OBV confirming the price rise..

[12/20/2003 12:34:58 PM] [hotto] OBV at a new Rally High..

[12/20/2003 12:35:31 PM] [hotto] big volume Friday..

[12/20/2003 12:35:34 PM] [hotto] .

[12/20/2003 12:36:32 PM] [hotto] DIA.. gapped up.. opened at NH52.. declined.. to close down slightly..

[12/20/2003 12:36:55 PM] [hotto] Heavy volume.. about like Thursday's up volume..

[12/20/2003 12:38:02 PM] [hotto] again.. I don't know.. whether Hedging strategies.. or just Selling..

[12/20/2003 12:38:39 PM] [hotto] Friday's action stayed within Thursday's range.. so.. no signal here..

[12/20/2003 12:38:51 PM] [hotto] .

[12/20/2003 12:40:15 PM] [hotto] T2100.. flat ... A/D = 1626 / 1633 according to Briefing.com.

[12/20/2003 12:40:54 PM] [hotto] A/D came back at the close Friday.. after being

more negative .. most of the day...

[12/20/2003 12:41:11 PM] [hotto] .

[12/20/2003 12:42:01 PM] [hotto] T2106.. down from Thursday.. but still Positive..

[12/20/2003 12:42:14 PM] [hotto] .

[12/20/2003 12:43:16 PM] [hotto] so... T2118.. is moving up.. again.. now above the early Dec. highs..

[12/20/2003 12:43:45 PM] [hotto] we keep getting start and stop signals.. in these...

[12/20/2003 12:45:12 PM] [hotto] market keeps us off balance.. Pulls us in... then shakes us out again.. every few days

[12/20/2003 12:46:30 PM] [hotto] It has been important to stay in tune with the Rotation.. as much as possible.. group to group...

[12/20/2003 12:47:23 PM] [hotto] or.. be patient.. and wait for the good chart setups.. off sma50.. or ema200 .. sometimes.. ema100 .. even Lwr BB.. dbl-bottoms..

[12/20/2003 12:48:30 PM] [hotto] Some Traders have reported good results.. using Bum50b PCF..

[12/20/2003 12:49:38 PM] [hotto] AS2V.. has worked as usual.. highlighting new action in stocks..

[12/20/2003 12:50:52 PM] [hotto] I expect the market to continue choppy.. over the next 2 weeks... going into the end of tax- adjustment time..

[12/20/2003 12:51:51 PM] [hotto] Yesterday.. we had the huge rally in RHAT.. highest 1-day volume ever..

[12/20/2003 12:52:29 PM] [hotto] I expect there to be good day-trading in RHAT next week..

[12/20/2003 12:53:25 PM] [hotto] the chart points we identified.. 15.45 16.44 18 18.50 20.50... and FOP=19.50.. approx

[12/20/2003 12:54:28 PM] [hotto] Hope I feel well enough to scalp-trade RHAT action will be fast sharp

[12/20/2003 12:55:05 PM] [hotto] .

[12/20/2003 12:55:47 PM] [hotto] EGHT.. another possible C-wk.. play..

[12/20/2003 12:56:51 PM] [hotto] the VoIP group was hot.. around Thanksgiving... has since had a full correction.. nice ABC... basing..

[12/20/2003 12:57:59 PM] [hotto] EGHT.. turned up on Friday.. with a jump in Volume.. Watch Monday.. for volume to come in.. after mkt stablizes.. if we get a down open.. in mkt...

[12/20/2003 12:58:54 PM] [hotto] EGHT.. OBV pattern looks good..

[12/20/2003 1:00:45 PM] [hotto] I look for an up move.. possibly to s=5.45 (LR30).. s=6.09 (12/9 SHi).. T=6.91. 12/1 High.. after gap-down open..

[12/20/2003 1:01:42 PM] [hotto] as usual.. we must monitor.. the volume.. and price

action at each target point.. Remembering.. to take some profits.. As we go..

[12/20/2003 1:02:05 PM] [hotto] .

[12/20/2003 1:02:09 PM] [hotto] brb

[12/20/2003 1:04:41 PM] [hotto] VOCL... is another of those stocks.

[12/20/2003 1:05:09 PM] [hotto] was an NR7 on Friday

[12/20/2003 1:06:25 PM] [hotto] chart is not so well setup as EGHT.. but may work higher.. (or PB).. watch the BO from the NR7

[12/20/2003 1:06:32 PM] [hotto] .

[12/20/2003 1:06:59 PM] [hotto] that was " or PB "...

[12/20/2003 1:07:50 PM] [hotto] NTOP is another of those VolP from T-wk..

[12/20/2003 1:09:00 PM] [hotto] holding above midrange.. the accum still evident.. over last month.. could work higher..

[12/20/2003 1:09:22 PM] [hotto] .

[12/20/2003 1:10:50 PM] [hotto] MNDO.. is another we tried last week.. still holding above sma10.. in VolP billing..

[12/20/2003 1:11:16 PM] [hotto] .

[12/20/2003 1:12:11 PM] [hotto] BRKS.. a CE stock.. I have been in a couple days..

[12/20/2003 1:12:38 PM] [hotto] Note the nice dble-bottom pattern off ema200.. and Lwr BB..

[12/20/2003 1:13:24 PM] [hotto] also.. very strong Volume.. pos reversal... on 12/11.. after the 12/10 close below Lwr BB..

[12/20/2003 1:13:54 PM] [hotto] that led to a very nice OBV bottoming pattern.. vs Price..

[12/20/2003 1:14:34 PM] [hotto] Nothing works every time.. But.. THis.. type pattern.. has been very good to me over the years..

[12/20/2003 1:15:31 PM] [hotto] BRKS.. Friday.. closed on Incr Vol.. over ema100 and sma20.. on DBO..

[12/20/2003 1:16:16 PM] [hotto] the BRKS pattern.. led me to look through the CE stocks.. again on Wed. / Thursday..

[12/20/2003 1:16:48 PM] [hotto] I noted several good CE stock patterns on Thursday..

[12/20/2003 1:17:02 PM] [hotto] MKSI was one..

[12/20/2003 1:17:49 PM] [hotto] note.. the similarity to the BRKS pattern.. and surging volume on Friday.. even "scouted" a BTBO..

[12/20/2003 1:17:54 PM] [hotto] .

[12/20/2003 1:18:41 PM] [hotto] NEWP was another.. note again .. the similarities..

[12/20/2003 1:18:48 PM] [hotto] .

[12/20/2003 1:19:41 PM] [hotto] SMH.. note the poor OBV on the LBBCBS and.. the

ClubHome

downsloping Lwr BB..

[12/20/2003 1:20:17 PM] [hotto] we have discussed this weak setup in the past..

please look to Chat Logs..

[12/20/2003 1:21:13 PM] [hotto] Anyway.. note.. the Semis.. in general.. did not

folllow through on Friday.. SMH closed a bit lower... But.. held over LR30..

[12/20/2003 1:21:56 PM] [hotto] I had planned a long discussion in CEs today.. But..

nearly out of energy now..

[12/20/2003 1:22:11 PM] [hotto] short form.....

[12/20/2003 1:22:30 PM] [hotto] Semis have had strong sales growth..

[12/20/2003 1:22:44 PM] [hotto] beginning to spend for CE

[12/20/2003 1:23:23 PM] [hotto] This is the "usual" sequence I have worked over the

last nearly 20 years... in CEs

[12/20/2003 1:24:08 PM] [hotto] the rapid Econ growth.. leads to CEs.. good

performance.. probably for next few Qtrs..

[12/20/2003 1:24:18 PM] [hotto] no... not every day... BUT...

[12/20/2003 1:24:49 PM] [hotto] They will continue to get a bid.. to produce tradeable

rallies..

[12/20/2003 1:25:56 PM] [hotto] Use the charts.. to find the setups.. BUt.. this group

will continue to have sponsorship.. among Traders and Investors.. until.. about the

3rd.. Fed Rate-hike...

[12/20/2003 1:26:29 PM] [hotto] We had the Rally of the whole group.. from April to

November..

[12/20/2003 1:26:45 PM] [hotto] coming up.. will be more selective..

[12/20/2003 1:27:15 PM] [hotto] I have discussed my "core group" of CEs.. But..

charts will keep us on track..

[12/20/2003 1:27:27 PM] [hotto] alatar wrote : I think SPY pattern on Fri (opening gap

kiss your ring ;)

[12/20/2003 9:00:03 PM] [Investortrader] Ok ... I was looking at 3 stocks on Fri to buy, ended up buying 2 of them and passing on the third

[12/20/2003 9:00:28 PM] [Investortrader] NT, I did buy, down a few pennies in it now

[12/20/2003 9:01:05 PM] [Investortrader] Small pb on Fri on lower volume and held
Thur lod

[12/20/2003 9:01:17 PM] [pope39c] LOL

[12/20/2003 9:01:35 PM] [Investortrader] I'll be using a few cents under the Wed dbl
bot low as my stop on it

[12/20/2003 9:01:47 PM] [Investortrader] As that was the lower of the two bottoms

[12/20/2003 9:02:16 PM] [Investortrader] Bought on the possible dbl bottom, but if it
breaks it that pattern is no longer viable, so the reason I bought would be gone, so I
sell

[12/20/2003 9:03:12 PM] [Investortrader] My other buy was MOSY

[12/20/2003 9:03:50 PM] [Investortrader] I liked the breakout on higher volume but it
is a bit riskier as it's not as close to support

[12/20/2003 9:04:59 PM] [Investortrader] Had a nice low volume pb Fri and I got in at
8.30, not the best price but I'm in and with a very small profit now

[12/20/2003 9:05:46 PM] [Investortrader] IT came back nicely and as long as it
remains in contact with teh upper Bollinger Band or close I'll stay in (unless I go to all
cash for my trip, whenever that might be)

[12/20/2003 9:06:38 PM] [Investortrader] The other stock I was looking at was ANSR

[12/20/2003 9:06:58 PM] [Investortrader] But it had too much volume on the decline
so I passed on it

[12/20/2003 9:07:49 PM] [Investortrader] Tested the top of the 4.95-5.05 range
mentioned before, but just too much volume on the pb for my taste, looks headed
lower still

[12/20/2003 9:08:07 PM] [Investortrader] And closed outside the lower band

[12/20/2003 9:08:56 PM] [Investortrader] OBV still barely holding, may pop a little in
the morning but I wouldn't be buying it

[12/20/2003 9:09:24 PM] [Investortrader] I was distracted some on Fri getting ready
for the trip I thought I would be taking this weekend, so wasn't looking to do too much

[12/20/2003 9:20:00 PM] [Investortrader] If anyone has a stock chart they want me to
take a peek at, I'll be here for a bit still

[12/20/2003 9:21:16 PM] [AV1] how about EGHT?

[12/20/2003 9:21:33 PM] [Graybik] Invest, would you look at ARA, I think it may be too
late for it but would be interested in your opinion

[12/20/2003 9:21:49 PM] [Investortrader] EGHT ... (then ARA)

ClubHome

[12/20/2003 9:22:41 PM] [Investortrader] EGHT looks good here, nice base formation, while OBV is climbing
[12/20/2003 9:23:26 PM] [Investortrader] Broke out above the last few days on better volume ... however didn't go up very much, I would have liked to seen a bit more for the volume
[12/20/2003 9:24:15 PM] [Investortrader] I know Hotto likes this one too
[12/20/2003 9:24:41 PM] [Investortrader] I've heard it isn't a true voip play from a couple of sources ... but I don't really know specifically
[12/20/2003 9:25:56 PM] [AV1] Thanks Invest!
[12/20/2003 9:26:37 PM] [Investortrader] Welcome, I'll be watching it on Monday
[12/20/2003 9:27:18 PM] [Investortrader] Hotto wrote a note on it, I just noticed, make sure you read it if interested in it everyone
[12/20/2003 9:27:20 PM] [Investortrader] ARA ...
[12/20/2003 9:27:25 PM] [Stixman] EGHT also a descending triangle and a gap to 3.90
[12/20/2003 9:28:42 PM] [Investortrader] Stixman, not sure it will fill that gap with the incresing volume in it Fri
[12/20/2003 9:29:11 PM] [Investortrader] Quick look at the 5's on EGHT, then on to ARA
[12/20/2003 9:30:10 PM] [Investortrader] I think it will be ok here, if not with it still close to the basing would be a small loss if it does head down
[12/20/2003 9:30:39 PM] [Investortrader] ARA, I don't like the OBV, not confirming this new high
[12/20/2003 9:30:57 PM] [Investortrader] Also on lower volume on Fri
[12/20/2003 9:31:48 PM] [Graybik] OBV is heading back up but not enough?
[12/20/2003 9:31:51 PM] [Investortrader] This is one where tagging the upper Bollinger Band could be a signal it needs to pullback ... I wouldn't be buying it here
[12/20/2003 9:32:32 PM] [Investortrader] BB's can be tricky, can't just use them, must be in conjunction with other indicators and volume to see if it will ride the upper BB or if that indicates overbought and needing to pb
[12/20/2003 9:33:12 PM] [Graybik] I see, I know the time to buy was around 12/1 but I just thought after the pullback that it might ride it up again
[12/20/2003 9:33:29 PM] [Investortrader] Plus the high of couple weeks ago the OBV didn't confirm compared to the Oct high
[12/20/2003 9:34:01 PM] [Investortrader] Notice in Aug, Sept, Oct new highs in price were confirmed by new highs in OBV
[12/20/2003 9:34:13 PM] [Investortrader] That's a healthy rally
[12/20/2003 9:34:22 PM] [Investortrader] This doesn't look near as healthy

ClubHome

[12/20/2003 9:35:05 PM] [Investortrader] Usually when price fails at the upper band, it will pb to test the middle band at least ... like it did recently

[12/20/2003 9:35:30 PM] [Graybik] but since OBV is cumulative isn't the direction and not necessarily the value that we should watch

[12/20/2003 9:36:27 PM] [Graybik] you don't think that this might just be the start of another wave do you?

[12/20/2003 9:36:35 PM] [Investortrader] Graybik, since it is cumulative, it is showing heavier selling on the down days than the up days ... this new high compared to the one 9-10 days ago looks weak here

[12/20/2003 9:37:24 PM] [bobpan] Hey Stix, look at ASYT...double bottom

[12/20/2003 9:37:34 PM] [Graybik] I see, thank you very much. I wanted to learn something and you helped

[12/20/2003 9:37:38 PM] [Investortrader] Wave up? No, more selling than buying

[12/20/2003 9:38:15 PM] [Investortrader] Should at least consolidate and probably pb is how I read it here

[12/20/2003 9:38:20 PM] [Investortrader] Welcome :)

[12/20/2003 9:38:26 PM] [Graybik] probably that is also confirmed by the MACD too right?

[12/20/2003 9:38:44 PM] [Investortrader] Let Me take a look, I use MACD Histogram

[12/20/2003 9:39:03 PM] [Graybik] it's heading south

[12/20/2003 9:39:38 PM] [Investortrader] I use different numbers for MACD Histogram, 5,17,9

[12/20/2003 9:39:56 PM] [Investortrader] That shows it's rising a little, but not really very much for the price movement

[12/20/2003 9:40:33 PM] [Investortrader] And RSI much lower than previous high, could easily break below 80 again on any pb, what I would expect here ...

[12/20/2003 9:41:15 PM] [Graybik] Thanks very much, you've been a great help

[12/20/2003 9:41:39 PM] [Investortrader] Is a pb, RSI to fall back to maybe 50 level or thereabouts, MACD Histogram to go down again, and OBV which didn't confirm would most likely fall below the low of a few days ago

[12/20/2003 9:42:16 PM] [Investortrader] Looks like it's an ADR? I don't trade those

[12/20/2003 9:42:23 PM] [Investortrader] Welcome Graybik :)

[12/20/2003 9:43:09 PM] [Graybik] Thanks again. I was told it was a risky trade but didn't understand why

[12/20/2003 9:43:27 PM] [Investortrader] Looks risky to me too

[12/20/2003 9:43:30 PM] [Graybik] now I see

[12/20/2003 10:08:03 PM] [Stixman] Bobpan ASYT - BO above 17.10 Last top lower than previous one also. Not clear enough for me. Stoc up but OBV flat.
