[3/15/2004 6:58:24 AM] [MWid] Futures down in what seems to be terrorism related...
European Mkts down same reason. Dollar down rel to Swiss Fr.. same reason.
Japan: Nikkei up.. .. ALSO.. new Spanish PM is going to take their troops out of Iraq..
remember Spain has been one of the biggest US supporters. (All from Briefing.com)
[3/15/2004 7:17:06 AM] [wifd261] Also note that 90% of Spaniards opposed the war
in Iraq. (from CNN.com)
[3/15/2004 7:37:56 AM] [HowNow] Good morning
[3/15/2004 7:38:10 AM] [VJnet] gm
[3/15/2004 7:41:04 AM] [HowNow] Excellent progress in Iraq. They will take over
control of their country in July, at which point Spain will withdraw troops.

[3/15/2004 7:41:48 AM] [Icamani] I was in Spain for the anti-war demonstrations - and
90% against is right. So the govt backs Bush anyway - nobody says a word about
that factor and the subsequent terrorism - but now the people of Spain have spoken.
AND there pulling out their troops. What an affirmation !! HO TO THE FLOW
[3/15/2004 7:58:53 AM] [themasdrader] Good Morning, all
[3/15/2004 8:01:47 AM] [Dragon1] Affirmation is the correct word. Terrorist have
affirmed that through acts of violence and terrorism a few can effect the outcomes of
elections, overthrow administrations, and further their agenda. Not only Al Queda
but all factions. Welcome to the less than brave new world of the sheep and the
wolves. Suplicating bullies does not appease them, but empowers them. Submitting
to violence, promotes further violence. Stand by for increased terrorist activity.
[3/15/2004 8:02:56 AM] [kellam] well said dragon!
[3/15/2004 8:03:28 AM] [tiga] SNT0
[3/15/2004 8:04:01 AM] [tiga] INVN
[3/15/2004 8:05:13 AM] [TPO63] Dragon....EXACTLY....well said.

[3/15/2004 8:08:26 AM] [HowNow] Amen, Dragon

[3/15/2004 8:10:00 AM] [Icamani] Dragon man - 90% of the people of Spain opposed the war - do you remember that 80% of Americans opposed the war in Vietnam - I do. It clearly marks the end of democracy in this country - the take over of the military-industrial complex - to now just a absolute 'moneyocracy'. It is nice for me to see the people take back their power at least in Spain.

[3/15/2004 8:13:03 AM] [Dragon1] Well, it is the meek that inherit the earth, but it is the brave that die so that they can.

[3/15/2004 8:15:17 AM] [jasp] Please keep the politics off of this club. There are other forums for it.

[3/15/2004 8:15:39 AM] [HowNow] No matter how cathartic a replay of Viet Nam might be for some, the country can ill afford the mindless polarity that is replacing rational thought in politics and the media.

[3/15/2004 8:15:52 AM] [syatt] take it to the politics thread

[3/15/2004 8:15:55 AM] [Icamani] I do not separate the meek from the brave - everyone is just trying to speak their truth.

[3/15/2004 8:21:38 AM] [HowNow] The unmistakably growing willingness to take down the country in order to take down Bush is looming as one of the greatest threats to the economy and the market.

[3/15/2004 11:01:15 AM] [hotto] I think.. things will clear up after June / July...

[3/15/2004 11:01:38 AM] [hotto] But.. between now and June ???

[3/15/2004 11:01:49 AM] [swan] Hotto, are the QQQ's on 15-min a buyable LBBCBS?

[3/15/2004 11:01:58 AM] [TrillionDolarMan] 1984 was WEAK, as YOU pointed out...until August....so was 1992, eh?

[3/15/2004 11:02:12 AM] [TrillionDolarMan] Too weak for Bush I, as it turned out....and ROSS.

[3/15/2004 11:02:42 AM] [TrillionDolarMan] I wanna know how to play basketball on the BOUNCE, here, however...

[3/15/2004 11:03:03 AM] [imjim] I think that Al Queda will believe that influenced the Spanish elections although I am not sure that they did.

[3/15/2004 11:03:12 AM] [hotto] Tom McManus... Bof A... "wonders" if we could maybe give back up to 1/3..

[3/15/2004 11:03:50 AM] [hotto] I heard several interviews on the street - in Madrid...

[3/15/2004 11:03:51 AM] [TrillionDolarMan] Everybody outta go see Templeton Video at MoneyShow website....they ask hiim...will Terrorism derail the next century. He gave a long answer: "No."

[3/15/2004 11:04:16 AM] [hotto] At least 2 voters said they had not planned to vote... Until the bombing

[3/15/2004 11:04:22 AM] [TrillionDolarMan] More dead from heart attacks every day than from terrorism in last 20 years....it's a matter of perception, and building the wall of worry...

[3/15/2004 11:04:55 AM] [hotto] Then... made sure to vote.. to change govt.

[3/15/2004 11:04:55 AM] [swan] so they in effect. reward Al Quada...

[3/15/2004 11:04:55 AM] [TrillionDolarMan] And falling off the wall of worry is what gives you the heart attack.

[3/15/2004 11:05:14 AM] [bmwrider] The world is a dangerous place, complacency during a time of high terror is deadly

[3/15/2004 11:06:26 AM] [houcpl] So true TDM, also drugs kill more terrorism, but we spent less on stoping it.
[3/15/2004 11:06:39 AM] [jynkin] Al Queda is a very politically astute. They observe a mega trend already in place. Then when is is about to come to everyones attention, they do some action to put it on the front page SO that they can "take credit" for the "whole" thing.
[3/15/2004 11:07:25 AM] [hotto] 1/3 = 1120 pts down.. would be 9630
[3/15/2004 11:07:59 AM] [hotto] FIB.382 = -1280 = 9473... Lotsa Numbers..
[3/15/2004 11:08:07 AM] [TrillionDolarMan] All I know is....THE WORLD WAS COMING TO AN END on 3/11/03, when the sky was falling, and the UN rejected Bush on Iraq....and at that time rock band HOTTO AND THE PROFITABLE TRADERS...were going 200% long, or thereabouts..and that's how you change tax brackets upwardly in this world, imho.
