[12/22/2003 11:41:47 AM] [Twlkns] hotto, true, I am concerned that IVANS inability to stay above 4.50, and its steady (but slow) decline since before the 11:00 hour may be signs of a failed rally, If it drops below the 20 in the 5 min chart, I may bail, what are your thoughts  
[12/22/2003 11:43:29 AM] [rockin] FNSR turning up

[12/22/2003 12:07:41 PM] [rsi77] Hotto, is there a target for BRKS?

In other words...electronic money creating any fundamentally different dynamic in markets than does gold, or paper money?

[12/22/2003 5:35:30 PM] [hotto] Capacity utilization is still only about 75%.. Plenty of unemployed... Little wage pressure.. Fed can supply funds for growth.. with no problem...

[12/22/2003 8:10:59 PM] [hotto] Looking at the charts on Saturday.. it looked unlikely to get more follow-through to upside.. BUT. here we are..  
[12/22/2003 8:11:37 PM] [hotto] The one speculation yesterday proved correct..  
[12/22/2003 8:12:32 PM] [hotto] Since we had sold off Friday morning on the Rumor of the Terrorism upgrade to Orange level..  
[12/22/2003 8:12:43 PM] [hotto] then.. came back late Friday..  
[12/22/2003 8:13:22 PM] [hotto] It was likely that only a few would react to the Fact today..  
[12/22/2003 8:13:43 PM] [hotto] that meant.. we would have an early dip.. then.. come back all day..  
[12/22/2003 8:13:55 PM] [hotto] And.. that is about how it played out..

[12/22/2003 8:20:42 PM] [hotto] If it blows through.. we will be able to find something to do.. But.. make sure we have a good ending this Rally time..  
[12/22/2003 8:20:54 PM] [hotto] .  
[12/22/2003 8:22:19 PM] [hotto] DIA.. similar..to DJIA of course.. volume slowed here as well..  
[12/22/2003 8:22:32 PM] [hotto] .  
[12/22/2003 8:22:55 PM] [hotto] DIA also closed over Upr BB.. all overbot now...  
[12/22/2003 8:23:45 PM] [hotto] SP-500.. same .. closed over Upr BB NH52..  
[12/22/2003 8:23:57 PM] [hotto] Volume was better in SP-500  
[12/22/2003 8:24:14 PM] [hotto] .  
[12/22/2003 8:25:19 PM] [hotto] SPY.. not up with SP-500.. not even a new Intraday High today..  
[12/22/2003 8:25:33 PM] [hotto] and.. volume slowed more.. interesting...  
[12/22/2003 8:26:19 PM] [hotto] shows Investors buying into Stocks in SP-500... But Traders holding back from SPY.. or even shorting..  
[12/22/2003 8:27:25 PM] [hotto] suggests to me.. more upside.. Must be careful.. here..  
[12/22/2003 8:27:45 PM] [hotto] Remember our Poll ?..  
[12/22/2003 8:28:03 PM] [hotto] DJIA was at 9674.. on 10/12 I think..  
[12/22/2003 8:28:22 PM] [hotto] Traders voted 40% Up.. 60% Down..  
[12/22/2003 8:28:48 PM] [hotto] Traders are pretty good on strategy.. and tactics..  
[12/22/2003 8:29:04 PM] [hotto] But.. our voting.. as you see.. is dubious..  
[12/22/2003 8:30:01 PM] [hotto] If SP-500 Cash outperforming SPY.. suggests.. the Traders are still betting against the Rally...  
[12/22/2003 8:30:21 PM] [hotto] May take another 1999 style blow-off to convert them..  
[12/22/2003 8:31:26 PM] [hotto] COMPQX up at the close.. below Friday's HOD.. just resting..  
[12/22/2003 8:32:34 PM] [hotto] QQQ was up more than the COMPQX.. here.. maybe buyers thinking catch-up... to the other big Avgs..

[12/22/2003 10:43:02 PM] [Investortrader] Could someone check ITIG or my profile to see if the addendum to my note took? Whenever I look TCNet crashes :(  
[12/22/2003 10:43:19 PM] [Investortrader] I may have to redo it into 2 or 3 notes  
[12/22/2003 10:43:44 PM] [hotto] Sharon... Visa is set up... as soon as website opens  
[12/22/2003 10:44:04 PM] [Sharon1555] Thanks!

[12/22/2003 10:45:51 PM] [Sharon1555] Investor.. check.. looks good  
[12/22/2003 10:46:04 PM] [Sharon1555] check should be "checked"  
[12/22/2003 10:46:14 PM] [Investortrader] Thanks Sharon ... wonder why it crashes me lol  
[12/22/2003 10:46:44 PM] [Investortrader] I may split it up into 2 notes anyway so it won't, but I'll leave it for now :)  
[12/22/2003 10:48:39 PM] [cobralso] Inv. I can't find notes eather place  
[12/22/2003 10:49:27 PM] [Odyssey] Investortrader --- the addendum is dated as 12/22 8:06 pm on my notes.  
[12/22/2003 10:49:35 PM] [Investortrader] Hmmm, note is on 18th, will have to scroll down to see it cobralso, also should be at bottom of profile, another scroll  
[12/22/2003 10:50:03 PM] [Investortrader] Thanks Odyssey, I wrote it this evening  
[12/22/2003 10:50:37 PM] [Investortrader] At least it isn't crashing you guys!  
[12/22/2003 10:51:26 PM] [Sharon1555] Investor... addendum dated 12/22 is there  
[12/22/2003 10:51:36 PM] [Sharon1555] chart appears too  
[12/22/2003 10:51:46 PM] [Investortrader] Great, thanks Sharon :)  
[12/22/2003 10:52:07 PM] [Odyssey] Investor --- make sure all of the appropriate check boxes are checked in the notes down drop menu. Mine keep going away, so i have to continually make sure I get the notes I want. :P  
[12/22/2003 10:52:53 PM] [Investortrader] Odyssey, I have everything checked but the All-TCNet in the drop-down  
[12/22/2003 10:53:29 PM] [Investortrader] cobralso, that could be why you don't see it?  
[12/22/2003 10:53:37 PM] [Odyssey] Sounds like the crashing is a real bug then!

## ClubHome

[12/22/2003 10:53:38 PM] [Investortrader] But it should still show in profile I think  
[12/22/2003 10:54:13 PM] [Investortrader] I tried to look for it 4 times at the beginning of Hotto's talk, crashed TCNet every time, so I gave up so I could listen  
[12/22/2003 10:56:03 PM] [Investortrader] If I can get this one so everyone can see it and it doesn't crash me, I'll add some more charts with other examples as I go  
[12/22/2003 10:57:42 PM] [Odyssey] Investor --- just checked your profile and the addendum is there ... no problem accessing it from where I am.  
[12/22/2003 10:58:41 PM] [Investortrader] Thakns Odyssey ... hopefully it won't crash me anymore, it crashed me from both ITIG notes and from profile  
[12/22/2003 10:59:00 PM] [Investortrader] I may have to break it up into two notes so it won't crash me  
[12/22/2003 10:59:59 PM] [Investortrader] Going to try to read it, if I crash, goodnight and see you in the morning!  
[12/22/2003 11:00:19 PM] [Odyssey] Thanks for trying Investor!!!!  
[12/22/2003 11:00:35 PM] [Investortrader] Welcome, I'll get it right one way or the other!  
[12/22/2003 11:04:56 PM] [Sharon1555] Investor... maybe the problem is with the chart; in order for me to read the addendum, I have to narrow the chart, to view the chart I have to narrow the text  
[12/22/2003 11:09:02 PM] [Mulrod] anyone lose realtime charts?  
[12/22/2003 11:10:14 PM] [pope39c] RT okay in Central Texas  
[12/22/2003 11:10:56 PM] [Mulrod] thx, pope. lost it here in Washington state
