[1/10/2004 12:14:09 AM] [Rjw] from
[1/10/2004 12:15:22 AM] [w2jc] stix -- from notepad you have to SAVE AS the file to a directory with a filename.txt remember where you put it, and when you import look there for it
[1/10/2004 12:16:25 AM] [Stixman] I think that's what I 've been doing but I'll try again /...thanks all of you.
[1/10/2004 12:17:48 AM] [Rjw] see what files you can down load from and put notepad in that file or folder
[1/10/2004 12:19:28 AM] [Rjw] i mean the file inthe watch list that is available to load into
[1/10/2004 12:23:08 AM] [Stixman] Looks like only choice it gives me is TC2000 and related files.....I'll try again later..right now I'm just too frustrated. Thanks for trying guys

[1/10/2004 12:36:11 AM] [Rjw] when you down load double click

[1/10/2004 12:37:05 AM] [cobralso] I am with you Stix I have been trying for 2hrs
[1/10/2004 12:37:52 AM] [Rjw] then look for new drive in the watch list part
[1/10/2004 12:38:14 AM] [Rjw] that is new drive folder
[1/10/2004 12:38:32 AM] [cobralso] I hav tried everything
[1/10/2004 12:39:09 AM] [cobralso] All wore out
[1/10/2004 12:39:38 AM] [Rjw] good luck you will get it
[1/10/2004 12:39:59 AM] [w2jc] guys, remember that the tcnet import function only lists files with the .TXT extension... so if you did not save it that way you wont see it
[1/10/2004 12:41:41 AM] [cobralso] I see the title just doesn't transfer list
[1/10/2004 12:42:09 AM] [w2jc] does your list have one ticker on each line with an Enter at end of the line?
[1/10/2004 12:43:52 AM] [cobralso] No
[1/10/2004 12:44:24 AM] [w2jc] suggest you manually type a short list of five or six tickers... save it and try the import that way... when you get the sequence working, then use your bigger list... cobra... no? what do you have?
[1/10/2004 12:50:00 AM] [cobralso] I get as far as finding the file when I hit Import all I get is the name and no list
[1/10/2004 12:50:30 AM] [w2jc] i need to get some sleep, but you guys trying to import a ticker list -- keep in mind: it must be a plain "ascii" text file (not a .doc file or a Word file etc); each ticker must be on a line by itself; each line must end with an Enter (some word processors esp Micromush dont use that character); the file name must have .txt extension; the list must be saved to a file and you need to remember where you put it! when all is right, the import works supurbly!!
[1/10/2004 12:52:06 AM] [cobralso] Oh that's helpfull TY
[1/10/2004 12:52:20 AM] [frog] thks w2

[1/10/2004 12:53:06 AM] [frog] is everyone trying to set up a wathlist of the Hotto G+ Stocks?
[1/10/2004 12:55:16 AM] [cobralso] I would settle for setting up / transferring any file
[1/10/2004 12:59:32 AM] [FreeSpirit] Double click "My computer" then click "My documents" then choose "File" from menu, then "New" from drop down menu then "Text Document" then it will create "New text document" double click that and it will open. Paste symbols into that (have to be in Caps), save it with a name, e.g., "Symbols." Then in TC-Net when you "Create New Watchlist" and choose "Import

from File" and click "My documents" the text file you named shows up in the lower window. Choose the file and click "Import."

[1/10/2004 12:07:50 PM] [hotto] One more way to try to fix Sharing... Click on the Faces icon and reload ...

[1/10/2004 12:08:00 PM] [hotto] some may have to Close TCNet and Re-Load program... to clear up the Sharing problem

[1/10/2004 12:08:31 PM] [hotto] If there are distractions from other Chat Streams, you can block out the other Chat Streams. Click the little hammer at bottom of screen... click on the Clubs with the conflicting chat... to Uncheck the box. then click in the Chart window.

[1/10/2004 12:16:00 PM] [hotto] Janet is looking at it now. Fast response..?...)
[1/10/2004 12:17:41 PM] [hotto] So.. we came into the first week of January, 2004...
thinking.. we may get another down day or 2.. of Tax-selling PT.. but.. alert for upside
instead.. after the 1/2/04 Close..
[1/10/2004 12:18:21 PM] [hotto] And .. despite thinking of an early dip.. followed by
rally...
[1/10/2004 12:19:18 PM] [hotto] Our positioning.. and alert response.. made a very
profitable week for many... including me.
[1/10/2004 12:19:39 PM] [hotto] As we know..

[1/10/2004 12:21:21 PM] [hotto] But.. Many reported 1 or more days of biggest single
day's profits ever in the market..
[1/10/2004 12:22:05 PM] [hotto] I can't tell my results .. as you know.. But.. From the
stocks I called attention to... FEPO
[1/10/2004 12:22:26 PM] [hotto] FEPO = "For Educational Purposes Only"
[1/10/2004 12:22:54 PM] [hotto] you can imagine.. I won't miss any bill payments this

[1/10/2004 12:25:38 PM] [hotto] using my F1 Template
[1/10/2004 12:26:33 PM] [hotto] Note the nearly straight up Rally beginning the
Monday of Thanksgiving Week..
[1/10/2004 12:27:09 PM] [hotto] Intraday High.. was Thursday 1/8/04.. 10592.59
[1/10/2004 12:27:47 PM] [hotto] that was within 45 points of the Target Zone we are
looking for..
[1/10/2004 12:28:54 PM] [hotto] 10635 - to - 10673.. approx
[1/10/2004 12:30:06 PM] [hotto] So... we came within 0.4% of the Zone..
[1/10/2004 12:30:55 PM] [hotto] That is "close enough" and can often be enough to
start a ST PB..
[1/10/2004 12:31:42 PM] [hotto] Thursday was a very "exhuberant day" in the
market..

ClubHome

[1/10/2004 12:32:45 PM] [hotto] Friday also.. stocks rose easily - once they got going. one of those "Frothy" signs..

[1/10/2004 12:33:31 PM] [hotto] But.. Thursday.. everything Closed solidly higher.. most Avgs at NH52.. and confirmed by OBV

[1/10/2004 12:34:18 PM] [hotto] so.. as we discussed Thursday evening.. was Overbot.. and ready for ST PB...

[1/10/2004 12:35:37 PM] [hotto] But since this has been one of the best Rallies ever.. I expected. and still do.. that we get to Tag the IT Highs. of 2002... in the zone I gave before

[1/10/2004 12:36:10 PM] [hotto] Then.. yesterday... we got the Bad News.. on the New Jobs.. in the Dec. Unemployment Rate

[1/10/2004 12:36:32 PM] [hotto] expected 150K new jobs.. Got 1K

[1/10/2004 12:37:20 PM] [hotto] The report hit at 830ET.. and futures began dropping sharply..

[1/10/2004 12:38:24 PM] [hotto] We have discussed the Main Driver of this whole Bull Mkt.. at least so far.. Many times.. since Nov. 2002.. when Hotto Club started..

[1/10/2004 12:39:21 PM] [hotto] We always had the idea.. that a 10 - 15% correction could begin early 2004.... similar to the 1984 case

[1/10/2004 12:40:04 PM] [hotto] based on similar Worries.. as hit.. in the year leading up to the Reagan re-election...

[1/10/2004 12:40:23 PM] [hotto] The last concern... in early 1984. was Jobs..

[1/10/2004 12:41:10 PM] [hotto] weak job growth - for one.. hurt Reagan's poll numbers.. and those worries hit Wall St..

[1/10/2004 12:41:59 PM] [hotto] Similar thing.. Tax-cutting Republican Presidentt.. With many new Wall St. friendly tax-cuts in place...

[1/10/2004 12:42:43 PM] [hotto] fears of his Not being re-elected.. and the tax -cuts being rescinded...

[1/10/2004 12:43:08 PM] [hotto] scared wall st.. enough for a 14% correction in Jan - Feb 1984..

[1/10/2004 12:43:33 PM] [hotto] Last night.. on Rukeyser's show.. and 2 others.. Guess what ???

[1/10/2004 12:43:54 PM] [hotto] strategists discussed Exactly that concern.!.

[1/10/2004 12:44:17 PM] [hotto] The must have been hanging around Hotto Club...)

[1/10/2004 12:45:58 PM] [hotto] I will not review all the Re-election year parallels from 1984... now... They are in the Chat Logs.. and Nov. 2002 Morning Comment Reports..

[1/10/2004 12:46:25 PM] [hotto] And.. some Saturday Chats.. from last June.. July.. and October - Nov.. of 2003..

[1/10/2004 12:47:00 PM] [hotto] There are other negs.. to "help" the Correction along.. once time is right..

[1/10/2004 12:48:00 PM] [hotto] For now.. I still expect.. we are about to start the Earnings Season moves..

[1/10/2004 12:48:19 PM] [hotto] pardon me... brb

[1/10/2004 12:49:56 PM] [hotto] Looking at the DJIA chart - again..

[1/10/2004 12:50:53 PM] [hotto] We discussed over last week... that we were approaching a Topping area with 2 forces.. on a TA basis..

[1/10/2004 12:51:12 PM] [hotto] 1. the IT top 10673 of 2002..

[1/10/2004 12:51:42 PM] [hotto] 2. the DT line (downtrend) from Jan 2000.

[1/10/2004 12:53:07 PM] [hotto] This morning on Bulls and Bears..

[1/10/2004 12:53:37 PM] [hotto] Gary B. Smith commented on that DT line..

[1/10/2004 12:54:08 PM] [hotto] note also.. on the DJIA chart.. the neg OBV divergence on Thursday...

[1/10/2004 12:54:50 PM] [hotto] we discussed that.. as a weakness the other day.. But.. were allowing the market to "fix it" if it could rally further on Friday..

[1/10/2004 12:55:08 PM] [hotto] that chance has passed now..

[1/10/2004 12:55:57 PM] [hotto] Friday DJIA traded and closed below the last SL on Wed. 1/7/04..

[1/10/2004 12:56:29 PM] [hotto] also.. fell down from LR30.. and closed just below sma10.

[1/10/2004 12:57:09 PM] [hotto] That was after walking up the LR30 for 2 weeks.. making contact every day...

[1/10/2004 12:57:45 PM] [hotto] A pattern we see often.. is a "return move" to the LR30 line over next few days...

[1/10/2004 12:58:38 PM] [hotto] If that were to happen. it would be the DJIA rallying sharply to new highs.. on weaker technical underpinnings..

[1/10/2004 12:59:28 PM] [hotto] LR30 was at 10603 on Friday... rising 30 points per day.. currently..

[1/10/2004 1:00:31 PM] [hotto] IF we turned back up next Monday... after early dip ? ... LR30 would intersect the DT line.. in 2 or 3 days..

[1/10/2004 1:00:58 PM] [hotto] Not a prediction.. just a Pattern possibility for the upside..

[1/10/2004 1:01:41 PM] [hotto] Note.. the Pos Breadth Divergence on close Friday.. on NYSE

[1/10/2004 1:02:05 PM] [hotto] ie.. DJIA fell to much lower lows.. late in the day...

[1/10/2004 1:02:20 PM] [hotto] while A/D was nearly even..

[1/10/2004 1:02:49 PM] [hotto] so.. we had an Absolute pos Breadth Divergence..

ClubHome

and..

[1/10/2004 1:03:49 PM] [hotto] a Dynamic PDB as well.. (you probably wondered... how much longer I would go on typing out all those words... over and over....)... The end.. now is PBD !

[1/10/2004 1:04:52 PM] [hotto] that was based on the morning A/D = 1300/ 1530 just after 1000ET..

[1/10/2004 1:05:02 PM] [hotto] with DJIA -65..

[1/10/2004 1:06:02 PM] [hotto] then Close -133 1639 / 1661 (per Yahoo finance)..

[1/10/2004 1:06:49 PM] [hotto] I had shorted the DIA... early in the day... as usual.. Partly for Insurance reasons during the day...

[1/10/2004 1:07:41 PM] [hotto] I was Very Long coming in to Friday... And.. No way.. to be sure.. of how the whole mkt would behave after Open..

[1/10/2004 1:08:34 PM] [hotto] again.. Because we had gotten to within 1% of the 10673 Top Target.. And.. within .5% of the "Top Zone"...over 10635

[1/10/2004 1:09:35 PM] [hotto] So.. Pre Mkt Friday.. I Shorted about an 85% of CAsh value of portfolio... against the Weakest Avg ETF... ie the DIA.. (ETF of DJIA)

[1/10/2004 1:10:25 PM] [hotto] Then.... I went about my trading.. as discussed..

Buying a Bad News Opening Dip.. in "Stocks w good charts"

[1/10/2004 1:10:56 PM] [hotto] Then.. started selling into strength.. on the expected Bounce.. early..

[1/10/2004 1:11:14 PM] [hotto] And.. began watching my FCI.. very closely

[1/10/2004 1:11:38 PM] [hotto] My final decision on the DIA short.. was left to the last hour...

[1/10/2004 1:11:50 PM] [hotto] half-hour.. I mean.

[1/10/2004 1:12:33 PM] [hotto] watching the FCI again.. to see if the Internals (A/D) would hold up.. or crumble with DJIA

[1/10/2004 1:13:13 PM] [hotto] As expected... DJIA continued lower and lower.. Did not reach my Target for covering..

[1/10/2004 1:14:28 PM] [hotto] but.. when the A/D held near even.. I covered the DIA.. for a small profit.. about .55%.. I think..

[1/10/2004 1:14:41 PM] [hotto] cobralso wrote : You know "brb" isn't in the glossary!

[1/10/2004 1:16:29 PM] [hotto] FCI is my "Four Chart Indicator" that I monitor regularly.. all day long... using 5min charts for all 4.. always looking for divergences.. esp in Breadth vs DJIA

[1/10/2004 1:18:22 PM] [hotto] yes... about... Note the stocks I trade are much more volatile than the DJIA or even the COMP...

[1/10/2004 1:18:49 PM] [hotto] So.. I need to take a Serious size.. to hedge those stocks..

[1/10/2004 1:19:20 PM] [hotto] note again.. I used the analysis.. from Thurs nite .. to decide to use DIA to short..

[1/10/2004 1:19:49 PM] [hotto] Note. DJIA was neg all day yesterday.. never worried about my big Short on DIA

[1/10/2004 1:20:18 PM] [hotto] If I had shorted QQQ.. would have gone way against me during the day..

[1/10/2004 1:21:04 PM] [hotto] My normal Hedging operation.. is to Short the Weakest INdex.. And then do my other trading.. as I want

[1/10/2004 1:21:47 PM] [hotto] Thinking.. If my analysis is correct.. then.. the DIA. short will go down hardest.. if whole mkt drops..

[1/10/2004 1:22:12 PM] [hotto] note.. Most of our profits.. mine included... were on the Long side yesterday..

[1/10/2004 1:22:49 PM] [hotto] ASIA NGEN RHAT ... Many others.. had nice gains.. at mid day..

[1/10/2004 1:23:12 PM] [hotto] As we discussed Thurs nite.. and most others....

[1/10/2004 1:23:29 PM] [hotto] We had our PT opps.. in Spades yesterday...

[1/10/2004 1:23:55 PM] [hotto] my normal mantra....Keep taking some Profits... regularly.. as we go... paid off

[1/10/2004 1:28:16 PM] [hotto] then... Had NHB up until late December.. then As discussed here..

[1/10/2004 1:28:46 PM] [hotto] I decided NHB had lost its leadership.. And.. I replaced with COMP..

[1/10/2004 1:29:14 PM] [hotto] the DIA Hedge... of 85% of cash value..

[1/10/2004 1:30:21 PM] [hotto] I would have used 100% or maybe 125%.. but.. had a glitch in Etrade Pro yesterday morning.. and had to fumble around with numbers..

[1/10/2004 1:30:39 PM] [hotto] I ended with about 85% hedge..

[1/10/2004 1:31:20 PM] [hotto] Note.. after the Unemployment report.. DJIA futures dropped sharply..to -75...

[1/10/2004 1:31:50 PM] [hotto] I held back some on the short.. expecting some more bounce in DJIA to mid day..

[1/10/2004 1:32:10 PM] [hotto] Combination of factors...

[1/10/2004 6:14:44 PM] [acmetrader] Kavika, what do you think?

[1/10/2004 6:14:47 PM] [Kavika] yeah, Maui and Kauai the best, no ka oe!

[1/10/2004 6:15:58 PM] [acmetrader] OK, we have lots of time to put this together...Hotto has enough to do with the new site...so lets park it for now..but when should the details be secured to get good rates, etc Kavika? How far in advance of the trip?

[1/10/2004 6:16:27 PM] [Kavika] the beauty of Maui is that you can look out at 3 other islands, Lanaii, Molokai and Kahoolawe, whereas you really don't get that view from anywhere else

[1/10/2004 6:21:45 PM] [w2jc] kav... just hang around any day when he is doing a market review, and his shared charts show the template(s)
[1/10/2004 6:22:00 PM] [acmetrader] you got a chart up, click on the face and Hottos name will come up, can copy the setup he has up now

[1/10/2004 6:23:49 PM] [ilovemusicCOM] Hotto, do you have a website?
[1/10/2004 6:24:09 PM] [MarcoPolo] www.hottoworks.com
[1/10/2004 6:24:13 PM] [ilovemusicCOM] I'm getting an inguiery from somebody who wants to join your website and pay the yearly fee. :)
[1/10/2004 6:28:58 PM] [MarcoPolo] Looks like someone looking for a finders fee.... lol
[1/10/2004 6:39:01 PM] [ilovemusicCOM] why are you always so suspicious?
[1/10/2004 6:39:10 PM] [ilovemusicCOM] I don't know anything about a hotto website
[1/10/2004 6:39:26 PM] [ilovemusicCOM] I get an email from some who wants to know about it, so I ask.

[1/10/2004 6:42:14 PM] [ilovemusicCOM] I'm just sensitive because I helped a friend get first place position on a search for New Years Eve Parties Sacramento....
[1/10/2004 6:43:24 PM] [ilovemusicCOM] and oh... well... I don't need to go into detail.
[1/10/2004 6:44:09 PM] [ilovemusicCOM] what is this hoto works. It is really hotto's website?
[1/10/2004 6:44:43 PM] [MarcoPolo] hottoworks.com
[1/10/2004 6:45:24 PM] [ilovemusicCOM] I guess I've been away too long :)
[1/10/2004 6:45:56 PM] [ilovemusicCOM] Is it a a hotto rip off or really hotto?
[1/10/2004 6:49:13 PM] [Dragon1] it's really hotto
[1/10/2004 6:49:42 PM] [ilovemusicCOM] funny that people are emailing me about it. :)
[1/10/2004 6:52:09 PM] [Dragon1] why is that funny
[1/10/2004 6:52:37 PM] [Dragon1] he has had it in the works for several months
[1/10/2004 6:53:05 PM] [ilovemusicCOM] funny because they find me instead of hotto when searching
[1/10/2004 6:53:24 PM] [Dragon1] i don't understand
[1/10/2004 6:53:39 PM] [Dragon1] find you how?
[1/10/2004 6:54:05 PM] [ilovemusicCOM] I guess from search engine
[1/10/2004 6:54:35 PM] [ilovemusicCOM] my website features music and dance education
[1/10/2004 6:54:48 PM] [ilovemusicCOM] but I have a few pages on stock tradining
[1/10/2004 6:54:54 PM] [Dragon1] thanks, here i am trying to be some kind of helpful...no good turn goes unpunished
[1/10/2004 6:55:00 PM] [ilovemusicCOM] and did some presentations for hotto in the past
[1/10/2004 6:55:09 PM] [ilovemusicCOM] and the search engines picked those up.
[1/10/2004 6:55:18 PM] [Dragon1] this is an infomercial...i get it
[1/10/2004 6:55:32 PM] [TPO63] Good Presentations,,,BTW
[1/10/2004 6:55:50 PM] [ilovemusicCOM] if you searching for "hotto stocktrading" you find my website, not hotto's :)(

[1/10/2004 6:56:00 PM] [Dragon1] you mention hotto on your website and that diverts search engine queries to your sight, how clever...well how something

[1/10/2004 6:56:36 PM] [ilovemusicCOM] not clever. I was invited to do a presentation on hotto's Saturday morning show a couple of times.

[1/10/2004 6:56:56 PM] [TPO63] Dragon..you must be new here the music man is real and has been very helpful to alot of people

[1/10/2004 6:57:45 PM] [ilovemusicCOM] I've been laying low for a while lately...because I've been using more of a long term trading strategy

[1/10/2004 6:58:52 PM] [Dragon1] yes, i am new here, about 6 weeks

[1/10/2004 6:59:33 PM] [TPO63] welcome..it is a great place to learn

[1/10/2004 6:59:35 PM] [Dragon1] always welcome those wishing to be of help

[1/10/2004 7:05:12 PM] [Luigistock] Music good to see you hows the longer approach working 4 you - basing it mostly on OPS?

[1/10/2004 7:08:58 PM] [ilovemusicCOM] Yes, OPS is helping me a lot, but it takes a lot of patience.

[1/10/2004 7:11:54 PM] [w2jc] it could be that Hotto's site has not been up long enough for the search engine robots to have found and cataloged it ...

[1/10/2004 7:13:09 PM] [bigben35] read a new book over the holiday,just out for 2003 about tech analysis-I thought it was very good for starters . how technical analysis works by Bruce M. Kamich---books-a-million or barnes & noble

[1/10/2004 7:14:54 PM] [ilovemusicCOM] I could bring hotto's website up in 2 or 3 days. :)

[1/10/2004 7:15:55 PM] [ilovemusicCOM] I'm getting so good with search engine placement technology.

[1/10/2004 7:16:07 PM] [Dragon1] speaking of books, i have bunches of technical analysis books that i have read over the last 10 years, but was wondering if there is any particular book that would help with hotto's approach, maybe one on swing trading seems like it might be a good one. Opinions?

[1/10/2004 7:17:20 PM] [ilovemusicCOM] candle1's book has been highly recommended and candle has been featured on hotto's shows several times.

[1/10/2004 7:17:28 PM] [Dragon1] that brings up a thought, how many subscribers could actually be detrimental to a particular trading approach and watchlist

[1/10/2004 7:18:20 PM] [Dragon1] i have one and have studied it in depth, forgot author, Nisson, does that sound right?

[1/10/2004 7:18:26 PM] [w2jc] music -- Hotto's son Paul is doing his website work at present... i'm sure he would appreciate any coaching you want to offer... he's on here with Janet's login... 'missjanet' or email Potto@hottoworks.com he is probably not up on the latest schemes for top placement...

[1/10/2004 7:20:13 PM] [Dragon1] i assume it is candlestick theory

[1/10/2004 7:21:45 PM] [ilovemusicCOM] there is a really cool video tutorial on candles at Cybertrader
[1/10/2004 7:22:02 PM] [ilovemusicCOM] done by Steve Nison who first brought us candles from Japan.
[1/10/2004 7:22:55 PM] [ilovemusicCOM] if you want to see it and you're not a Cybertrader user you can still see it via demo ID
[1/10/2004 7:23:14 PM] [ilovemusicCOM] contact me if you'd like details.
