[12/2/2003 8:17:44 AM] [wildbill] not sure what you mean by "buying" ? please explain
[12/2/2003 8:17:51 AM] [malealltrash] question for all you chartists when a stock
breaks in the charts like EGHT isn't there a lot of damage done, so that it is awhile
before it moves up
[12/2/2003 8:18:14 AM] [beach] bad pun WB,,,Gap as in the store
[12/2/2003 8:18:17 AM] [malealltrash] lol Wildbill was chatting about "GAP ' stores

[12/2/2003 8:20:59 AM] [wildbill] fwiw - Gap stores or co still has the one of the
"LARGEST" options related dilutions of "earnings" that there is -- just food for thought
as we possibly go forward with a "santa" phase:)
[12/2/2003 8:21:32 AM] [Investortrader] trash, it could just have a couple big washout
days, but that would take it much lower at least intra-day if that happens ... There
was an article somewhere about EGHT not being a true VOIP but only a
multi-conferencing platform or some such thing ... I came in in the middle of the story
and wasn't paying too much attention as I don't own EGHT
[12/2/2003 8:21:40 AM] [malealltrash] Santa phase ???? we will all be in the red ?
[12/2/2003 8:22:42 AM] [beach] story this am about FCC looking into regulation of
VOIP also
[12/2/2003 8:23:26 AM] [malealltrash] saw EGHT down again in pm think .30 cents

[12/2/2003 8:26:12 AM] [malealltrash] I'll bite how ?
[12/2/2003 8:26:36 AM] [wildbill] fwiw - regarding EGHT -- 4) Stocks in strong uptrends tend to have their largest move downward in one trading session, the same is true in reverse, stocks in strong downtrends also tend to have their largest point reversals in one trading session- check out SGMA last Wed and see yesterday also - check out FARO a few weeks back - same deal - just food for thought:)
[12/2/2003 8:26:52 AM] [asthewayopens] :)
[12/2/2003 8:29:08 AM] [wildbill] EGHT - "expected" pullback point 5.35 area imo

[12/2/2003 9:48:00 PM] [hotto] when.. ITIG did PB to 5.95 - 6.05.. I had freed up Money... to put to work.. to both... re-enter... and help pick it back up again..

[12/2/2003 9:50:13 PM] [hotto] Anyway... Then... ITIG.. paused.. right at 6.00... and next ran right through 6.18.. to 6.30+...

[12/2/2003 9:51:05 PM] [hotto] Finally... as it got over 6.43.. and "stalled" a bit.. at 6.45.. I again.. did Scalp-out...

[12/2/2003 9:52:06 PM] [hotto] I got 6.42 for part... then.. same deal... had \$\$\$ to pick up stock again.. when day-trader panic hit.. and it dipped to 6.14.. I paid 6.19 or 6.20..

[12/2/2003 9:54:57 PM] [hotto] This is For Real.. as you know..

[12/2/2003 9:55:21 PM] [hotto] ITIG..paid us... over 90% profits...on our first trades...

[12/2/2003 9:55:37 PM] [hotto] then.. over 50% profits on 2nd trade..

[12/2/2003 9:59:50 PM] [hotto] FLML..may need to dip back.. and retest sma50... before going on to 38...
