[3/8/2004 2:32:18 PM] [yuhoo] Anyone still holding DRAX?  
[3/8/2004 2:32:20 PM] [america] thanks  
[3/8/2004 2:33:31 PM] [hotto] -28 10567 1437 / 1775.. weaker  
[3/8/2004 2:33:36 PM] [lavenderangel] Yes, DRAX  
[3/8/2004 2:33:57 PM] [yuhoo] Thanks  
[3/8/2004 2:34:05 PM] [swan] hotto, will you be holding shorts o.n?  
[3/8/2004 2:34:20 PM] [lavenderangel] but I've had DRAX a while didn't buy it recently in at lower price  
[3/8/2004 2:35:10 PM] [yuhoo] Good for you lav  
[3/8/2004 2:35:48 PM] [lavenderangel] thx  
[3/8/2004 2:36:40 PM] [yuhoo] What is your tgt on Drax?  
[3/8/2004 2:39:59 PM] [lavenderangel] one target is 5.47 and may hold some to see if it pushes higher  
[3/8/2004 2:42:26 PM] [lavenderangel] jmdx  
[3/8/2004 2:44:06 PM] [sitmusa] JDSU right on 50dayma  
[3/8/2004 2:45:30 PM] [dagwood] TORM insiders sold in high 4's and low 5's may tell as Paul Harvey would say "the rest of the story"  
[3/8/2004 2:46:31 PM] [hotto] I have seen many cases of insiders selling too soon. JCOM was a classic  
[3/8/2004 2:46:58 PM] [hotto] Huge JCOM insider selling in the 10 - 15 range..  
[3/8/2004 2:47:40 PM] [hotto] JCOM went to over 45 last Sept... and October  
[3/8/2004 2:47:59 PM] [dagwood] wish one insider would buy in STAA, lots of shorts camping out there  
[3/8/2004 2:48:40 PM] [hotto] That is different. Insider buying in 2004 will be rare. imo  
[3/8/2004 2:50:03 PM] [dagwood] till the cleansing is finished, anyway  
[3/8/2004 2:52:40 PM] [hotto] Insiders believe in the Pres election cycle.. I have heard a couple slip that out .. They enjoy the cycles.. buy the 4 year dips... Sell in the Pres elec. year... Note the heavy insider selling in Jan / Feb..  
[3/8/2004 2:53:35 PM] [hotto] I would not be surprised to find some exacerbation of the cycle extremes  
[3/8/2004 2:53:38 PM] [Jay] FW - what is the TCNET symbol for Adv/Dec ? Thanks  
[3/8/2004 2:54:42 PM] [Groundog] I shorted TKO @ \$5.35  
[3/8/2004 2:54:49 PM] [Groundog] sorry

[3/8/2004 5:25:54 PM] [wildbill] just woke up -- what a surprise - the markets reversed -- excerpt from this mornings commentary posted pre-market as always - . The 'games' continue, if they can get you to chase, they will, however be prepared should a sharp reversal similar to Friday's ensue. " ... :)
